OF  
THE MOUNT SINAI HOSPITAL.  
**Held on February 9th, 1896.**

---

The President, MR. HYMAN BLUM, in the chair and a quorum present.

On motion, the reading of the minutes of the last meeting was dispensed with.

The President read the report of the "President and Board of Directors," which was duly received.

The Treasurer's Report was then read and received.

A new Constitution and By-Laws for the Hospital and Dispensary, approved by the Board of Directors, were then presented to the meeting for action.

Mr. Emanuel Marx moved to adopt the constitution and by-laws as presented, as before, seconded.

Mr. I. S. Isaacs moved to amend this motion so as to have each section read and acted upon seriatim, amendment lost.

After making several slight changes in the proposed constitution and by-Laws, the same were, on motion, unanimously adopted.

On motion of Mr. I. S. Isaacs, thanks were extended to the Board of Directors for the preparation of these new laws.

On motion of Mr. M. Warley Platzek, which was put to the meeting by Mr. Jacob H. Schiff, the Board of Directors of the Hospital was thanked for faithful services throughout the year.

Mr. A. S. Solomons added a eulogy of the Board, after which the meeting adjourned.

MARCUS M. MARKS,

# REPORT OF THE PRESIDENT AND BOARD OF DIRECTORS.

---

NEW YORK, DECEMBER 1st, 1895.

*To the Members of Mount Sinai Hospital:*

GENTLEMEN:—During the past year your Directors have been in a very embarrassing position on account of the indecision as to when the slowly-improving general financial conditions would warrant the beginning of work on the proposed new hospital. Immediate alterations and improvements at times seemed unavoidable in order to keep abreast of the increasing work, and yet it looked extravagant to spend money on a building which might be so soon given up. Notwithstanding this feeling, we find certain additions so imperative that we cannot conscientiously put them off any longer. Among others, we may name a resting-room which we contemplate in connection with our dispensary; a quiet place where patients may remain a short time to recuperate after operations. You will all recognize the humane considerations which prompt such a provision.

We announced in our last annual report that contracts had been given out for an additional operating-room in the hospital. This new room has been in active use for nearly a year, helping to some extent to provide facility for the unusual increase in the surgical work now being carried on in the hospital. In this connection we note that 1468 operations were performed during the past year, an increase of 157 over previous records. The continued growth of our duties in all departments has forced the decision upon us that, rather than add and patch, it will be wise to go ahead with the oft postponed building plans, as soon as the times warrant the assumption that our friends will be able to provide the money required.

## GENERAL STATISTICS.

Regarding the work done in the hospital and dispensary during the past year, we herewith report statistics in brief, giving the main facts only, and referring you for all details to the pages that

follow. We treated 3211 patients in the hospital during the year, an increase of 46 over 1894. Our dispensary was visited by 98,308 patients, a decrease of 944, but 904 more prescriptions were dispensed, the total being 87,762 this year.

Our total expenses were \$119,633.20, which includes \$15,627.41 for maintenance of dispensary and \$8,729.71 for improvements and repairs in hospital. The total increase of expense over last year is \$1,628.85, which is more than accounted for by 3698 more days of hospital care provided. Our receipts from all sources were \$138,899.55, of which \$13,998.04 received from legacies and perpetual beds should be added to the permanent fund. Were it not for our new class of members, the "Donors," of whom we now have 170, our receipts would have fallen considerably short of our expenses, and this at a time when we should be strengthening our reserves heavily.

Our present assets, aside from the buildings in use, amount to \$228,028.83 (exclusive of \$5,000 in Hebrew Benevolent and Orphan Asylum bonds), and we trust this sum will remain intact as a source of reliable annual income.

We herewith give the *Detailed Statistics* of our work alluded to in previous pages:

The entire number of Applicants for the fiscal year

ending November 30th, 1895, was . . . . . 5,147

Of these there were:

Joseph Lewis . . . . .	100.00
Total, . . . . .	\$6498.04

Also \$5,000 in Hebrew Orphan Asylum Bonds from the late Adolph Bernheimer.

## PERPETUAL BEDS.

The following perpetual beds were dedicated during the year, and tablets bearing appropriate inscriptions have been placed in our wards in memory of the deceased:

In memory of Adolph Bernheimer, by Miss Rosie Bernheimer.  
“ “ “ Moritz Josephthal, “ Mrs. Theresa Josephthal.  
“ “ “ Adolph T. Scholle, “ Mr. Wm. Scholle.

## DONATIONS.

We take this opportunity to thank the many generous friends who favored the Hospital with their donations during the year; detailed lists of these may be found on another page.

## HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

We are pleased to acknowledge with special thanks the receipt of \$4714.25 from this Association as our share of the funds collected.

## JUNIOR ALLIANCE.

Not only as a prospective source of income to our institution, but as an evidence of the awakening of the younger people in our community to the sense of their duty in the field of charity, do we hail with delight the inauguration of this noble Alliance.

While entertainment and social intercourse will be a feature of this Junior Society, its grand purpose will be to increase the general welfare of Mt. Sinai Hospital. We welcome this new assistance and have great hopes of its immediate as well as future benefit.

## LADIES' AUXILIARY SOCIETY.

We have ever cause to feel proud of the work of the ladies of this Society, who not only supply our sick with linens and clothing, but bring the sunshine of their presence into our wards. We tender them our sincere thanks for their valuable aid.

## TRAINING SCHOOL.

Although the Mt. Sinai Hospital Training School for Nurses is under a management entirely distinct from that of our Hospital, the closest relation of sympathy of interests naturally exists. It continues to supply our wards with all nurses, and we are pleased to report most satisfactory service in this connection.

## OTHER SISTER INSTITUTIONS.

We are pleased to note that the good-will heretofore existing between our charitable and philanthropic institutions has been thoroughly maintained during the past year, and that there has been a readiness on the part of all to promote the general good by hearty co-operation.

## DEATHS.

We record with sorrow the names of the following members of the Hospital who died during the past year:

Harris Ablowich,	Lewis S. Levy,
Aaron Altmayer,	Max Levy,

	Simon Wormser.

## MEDICAL STAFF.

After many years of faithful and active service to the Hospital, Dr. Daniel M. Stimson resigned his position as Attending Surgeon and was shortly after appointed as Consultant in this department, thus officially continuing his interest in our Institution.

No substitute was elected on the active Surgical Staff, and a still further change was made in this department by setting aside a certain number of beds for a special genito-urinary service under the charge of Dr. Wm. F. Fluhrer. This leaves the general surgical work in the care of two surgeons instead of four, as formerly. The change was made after considerable thought and has thus far operated favorably.

A vacancy exists in our Visiting Staff, caused by the resignation of Dr. H. Newton Heineman, whose protracted absence in Europe interfered with his active service in our Hospital. We are duly grateful for the long and valuable services rendered by Dr. Heineman.

#### HOUSE STAFF.

On January 1st, 1895, Dr. W. J. Barlow, House Physician, and Dr. T. D. Tuttle, House Surgeon, retired from this staff after a service of two years.

On July 1st, 1895, the term of Dr. Sidney Yankauer as House Physician and Dr. Charles E. Elsberg as House Surgeon ended.

We gladly express our appreciation of the faithful and satisfactory services of all of these gentlemen, and trust that the experience they have gained will be of value in their future careers.

#### PATHOLOGICAL DEPARTMENT.

This service has been cared for by Dr. H. Newton Heineman who, however, resigned early in the year, when Dr. F. S. Mandlebaum, his assistant, was appointed his successor.

To further the usefulness of this department, it was deemed wise to appoint a regular assistant to the Pathologist, instead of delegating the duty to one of the House Staff, as heretofore. This change goes into effect January 1st, 1896. We wish to gratefully acknowledge the valuable services of Dr. Heineman.

#### DISPENSARY.

This important department is being watched with the greatest care and with good results. A late improvement is the addition of a spectacle and eye-glass service. Many people have gone without glasses because they could not afford opticians' charges, and have in this way allowed their sight to become worse and worse. It is hoped that in future prevention, as well as cure, will be accomplished by our service.

A change has also been made in the supervision of the Assistant Physicians in the Dispensary, who now have an officially recognized position, and are formally named in our dispensary directory.

Early in the year Dr. Howard Lilienthal resigned from the Surgical Department and Dr. Morris Manges from the Medical Department of the Dispensary. Both of these physicians, however, continue their active connection with the Mount Sinai Hospital as Assistant Visiting in their respective departments. Dr. Alfons Müller retired from the medical service of the Dispensary after a very long and creditable career. Dr. R. Abrahams, whose term of office in the Dispensary expired, continues in the District Service. We offer all these Doctors our thanks for their faithful services.

In their places the following appointments were made: Dr. D. D. Goldstein in the Surgical, and Dr. Sydney A. Stein, Dr. Henry A. Cohen and Dr. Geo. Mannheimer in the Medical Department of the Dispensary.

#### OUT-DOOR RELIEF AND DISTRICT SERVICE.

The following statistics show the work of this Department during the past year:

Entire number of cases treated	148
Of these:	
Admitted to the Hospital when beds were vacant, and results included in general statistics	41
Cured and improved	77
Referred to other institutions	15
Hopeless cases when treatment began	10
In hands of District Staff at present	5
Total	148

The services of the District Nurses were gratuitously rendered in 130 cases, at the expense of the Hospital.

Entire number of prescriptions filled	751
Of these:	
Prepared in the Hospital Pharmacy	258
Prepared at other pharmacies and paid for by the Hospital	493
Total	751

## CONCLUSION.

Your Executive Committee met weekly throughout the year and the Directors found it necessary to meet almost as often. Considerable time has been spent in preparing the revised Constitution and By-Laws which became necessary on account of the many changes in the laws of the Hospital since the last revision. We present these for your action to-day. Our great work in both Hospital and Dispensary has gone along smoothly and satisfactorily in all departments, and this result could not so readily have been accomplished without the painstaking devotion and skill of our Medical Staff, and the able assistance of our Superintendent and Matron and their assistants. The physicians on our Medical and Surgical Staff have been ever conscientious in the discharge of their important duties, and the doctors on our House Staff were zealous and energetic in their work. Our Admitting Physician showed his usual ability and judgment, and the physicians and surgeons in the Dispensary disposed satisfactorily of a vast number of cases with the aid of our faithful Apothecary and his assistants, who were conscientious in the performance of their duty.

To one and all we freely offer our most sincere thanks. To their hearty co-operation and professional skill, all directed to the welfare of our patients, we attribute much of the success and reputation of Mount Sinai Hospital.

Respectfully submitted,

OF

## THE MOUNT SINAI HOSPITAL,

Held on January 31st, 1897.

---

The President, MR. ISAAC WALLACH, in the chair, and a quorum present.

On motion, the reading of the minutes of the last meeting was dispensed with.

The report of the "President and Board of Directors" was read by the President, and on motion same was accepted and referred to the Board for printing.

The Treasurer's report was then read by the Secretary and accepted.

Mr. Henry Rice moved that a vote of thanks be tendered to the Officers and Directors of Mount Sinai Hospital for their zealous labors in behalf of the Institution during the past year. Mr. Samuel Greenbaum seconded the motion, which was unanimously carried, being put to the meeting by Mr. M. Warley Platzek.

The Hon. Myer S. Isaacs moved that a vote of thanks be tendered to Mr. Hyman Blum, who resigned during the year, after such long and valuable service to the institution as its President.

This motion was unanimously carried, after which the meeting adjourned.

MARCUS M. MARKS,

# Report of the President and Board of Directors.

---

NEW YORK, December 1st, 1896.

*To the Members of the Mount Sinai Hospital:*

GENTLEMEN.—It is our privilege at annual meetings to address you, the constituents of our Hospital, and render an account of our stewardship, offering for your consideration such recommendations as are suggested by our experience.

Before we present for your review the statements usually submitted, we desire to engage your earnest thoughts upon a most absorbing, all-important subject.

Shall we have a new Hospital in the near future? Upon this consummation depends the advance and progress of our Institution; upon it rests the possibility of maintaining the standard and reputation which Mount Sinai Hospital has achieved.

The fruition of our hopes and expectations for this much-wished-for result means proper, ample, and safe accommodations for those who claim our care and protection, as well as the providing of necessary facilities for scientific departments now so generally recognized as indispensable adjuncts of modern hospitals.

Our duty at the present hour is to prepare the minds of our community for the appeal which will come for recognition the very first moment when the expected improvement in the general affairs of our country has made itself manifest.

We know that action upon this vital question cannot be postponed much longer, and we strenuously urge its importance upon the minds of all who come within reach of our words. We appeal to each and every one of you to disseminate this fact among your friends, to more forcibly impress upon them and others the responsibility resting upon our present generation—one which it cannot disregard, and which should be met with the readiness which has always distinguished the Jewish community in deeds of mercy and charity for their fellow-man.

## FINANCES.

The following extracts have been made from the reports of the Treasurer and Finance Committee :

## ASSETS.

The assets of the Hospital are :

Invested in bond and mortgage on property in the city of New York, . . . . .	\$240,000 00
Cash in the hands of the Treasurer, . . . . .	11,267 37
Total, . . . . .	\$251,267 37

And \$5,000 bonds of the Hebrew Benevolent and Orphan Asylum Society; also the Hospital and Dispensary buildings in use, free from encumbrance.

We hold the following special funds in trust :

Building Fund, . . . . .	\$1,639 90
Convalescent Fund, . . . . .	3,995 77
And \$2,000 $4\frac{1}{2}$ per cent Pennsylvania Company Bonds.	

The income from the Convalescent Fund and special donations thereto are expended for the relief of deserving convalescent patients leaving our Hospital.

## RECEIPTS AND DISBURSEMENTS.

The receipts applicable to the expenses of the Hospital for the fiscal year ending November 30th, 1896, were :

From Donors, Patrons, Members, Juniors, Life Members, and Arrears, . . . . .	\$61,780 00
From pay patients, . . . . .	27,947 59
From all other sources, as detailed in the Treasurer's Report, . . . . .	34,916 18
Total, . . . . .	\$124,643 77
Disbursements for support of Hospital and Dispensary, . . . . .	120,837 10
(An increase of \$1,173.90 over the preceding year.)	

Receipts over expenses, . . . . .	\$3,806 67
-----------------------------------	------------

	Brought forward,	\$3,806 67
Receipts to be invested and added to Permanent Fund :		
From Legacies and Bequests, . . . . .	\$6,043 52	
For Perpetual Beds, . . . . .	7,500 00	
	<hr/>	13,543 52
Balance cash on hand at close of year, November 30th, 1895, . . . . .		12,917 18
		<hr/>
Total, . . . . .		\$30,267 57
Of this :		
Invested in Bond and Mortgage, . . . . .	\$19,000 00	
Balance cash in hands of Treasurer, December 1st, 1896, . . . . .	11,267 37	
	<hr/>	\$30,267 37

The \$19,000 added to the Permanent Fund represent amounts received from legacies and endowments of perpetual beds which were invested to produce an annual income.

Had it not been for several extraordinary donations and the \$16,700 received from Donors (our new class of contributors whose annual dues are \$100) our receipts would have been insufficient for the maintenance of the Hospital, and instead of the small excess shown, a considerable deficit would have appeared in our financial exhibit for the past year.

#### MEMBERSHIP.

It is a cause for congratulation that the receipts applicable to the expenses have been sufficient for the current needs of the Hospital during the past year.

This gratifying condition has not been obtained without extraordinary efforts. Due to the general depression existing during the year, some of our members were unable to pay their bills. After being compelled to strike many names from the rolls, we have still uncollected bills on hand amounting to \$6,600.

To partly supplant this loss, the following enrollment was made : 23 Patrons were changed to Donors, 33 Members were changed to Patrons, and 9 new Patrons and 139 new Members were added to our list.

This special work was taken in hand by several of our Direc-

tors. While it may not be delicate to name them, it is, nevertheless, proper for those who disclaim a share therein to give due credit for this satisfactory result to those in our Board who have so zealously devoted time and energy to this important work.

Our present roll consists of

187 Donors,  
781 Patrons,  
3,195 Members,  
13 Juniors.

---

In all 4,176.

#### LEGACIES AND BEQUESTS.

We gratefully record the following legacies and bequests received during the year. These will be noted annually in the Hospital reports:

Charles G. Thurnauer,	. . . . .	\$500 00
David Frank,	. . . . .	100 00
Mrs. Emily Raszewski,	. . . . .	2,000 00
Mrs. Clara Blum,	. . . . .	1,000 00
Mrs. Pauline Goldsmith,	. . . . .	693 52
Kaufman Hirsch,	. . . . .	500 00
Josiah Soloman,	. . . . .	200 00
Mrs. Rebecca Kastor,	. . . . .	100 00
Mrs. Betty Robitscher,	. . . . .	200 00
Frederick H. Auerbach,	. . . . .	500 00
Arnold Friedman,	. . . . .	250 00
<hr/>		
Total,	. . . . .	\$6,043 52

#### DONATIONS.

The sum of \$5,464.65 was received through donations, a detailed list of which, as well as of those inscribed in the Golden Book of Life, appears on page 49 of this report.

To the friends of our Hospital, who were prompted by their good hearts to remember our Institution in the dispensation of their charity, we offer our warmest thanks for their generosity.

## PERPETUAL BEDS.

There were three Perpetual Beds dedicated during the year, for each of which the Hospital received the sum of \$2,500, in accordance with our By-Laws.

Tablets bearing appropriate inscriptions have been placed over beds in our wards:

In memory of Mayer Goldsmith, deceased; dedicated by his wife. Mrs. Theresa Goldsmith.

In memory of Bertha Morris, deceased; dedicated by her relatives.

In memory of David Wallach, Chicago, deceased; dedicated by provision in his will.

Everlasting monuments are thus erected to the memory of those whose names are to be perpetuated, as well as for those who in life were animated to make provision for these benefactions.

## DEATHS.

Death, with unsparing hand, has made marked inroad in our roll. We have lost 63 members during the last year. Their families will find consolation in the thought that the departed have aided the sick and the poor during life.

We extend our sympathy to the bereaved, and, with this tribute of respect for the memory of the good, we record the following names of our deceased members:

Jules S. Abecasis,	Samuel Caskel,
Maurice Aronstein,	Samuel Cassel,
David Aaron,	Herman M. Cohen,

## RESIGNATIONS.

Mr. Hyman Blum, a member of our Board for nearly twenty-one years, during which time he was its President for seventeen years, resigned this year. His connection with the career and history of our Hospital has covered a period of nearly one-half

of its existence. He was at all times loyal, zealous, and devoted to its best interests. We bring to him the deserved tribute of having well performed his duties in behalf of a cause which stands for the uplifting of the unfortunate, for those sorely tried in life's journey, the foundation of which rests upon the corner stone of man's best affections for his fellow-being.

We also regretfully record the resignation of Mr. L. M. Hornthal who served our Hospital as Director for seventeen years during which he filled the position of Secretary for nearly three years. Conscientious and intelligent in his work, the duties devolving upon him in the important positions which he has filled were invariably performed with completeness and good judgment, contributing in no small degree to the advanced position which our Institution now holds.

Mr. Isaac N. Heidelberg, who resigned since the close of our fiscal year but before the writing of our report, has been an active member of our Board for nearly three years. During this time he has endeared himself to his colleagues by his geniality and effective work to promote the interests of our Institution. We sincerely regret that he could not continue his valuable co-operation in a cause with which we know him to be in sympathetic accord. Though his official connection with his co-workers may be severed, we feel confident that his interest in the welfare of our Institution will in no manner be diminished.

We believe we may tender all these gentlemen on your behalf, as we do on ours, the well-merited thanks which their unfailing devotion and untiring efforts so pre-eminently deserve.

#### HOUSE SERVICE.

Our Superintendent and Matron continue to fill their respective positions with fidelity to the interests of the Hospital, and our patients testify to their considerate care. Their constant application and attention to the many duties and responsibilities devolving upon them clearly show how deeply their hearts are engaged in the work entrusted to them. We commend them for the excellent management of their departments, as well as

for the great kindness constantly shown to the inmates of our Institution.

Dr. D. H. Davison, who has been the Admitting Physician of the Mount Sinai Hospital for more than fourteen years, is, as ever, the same able, diligent officer of this very important department. We appreciate the kind consideration which he invariably extends to applicants for admission who receive, at their first entrance into the Hospital, the good impression which his thoughtful treatment engenders.

When we consider the fact that, independent of our House Staffs, there are ninety-eight physicians attached to our Medical Departments, we are brought to a partial realization of the time, energy, and ability applied to the entire service of the Hospital and Dispensary in behalf of those placed in our care.

Our general Consulting Staff consists of Drs. A. Jacobi, Thomas M. Markoe, and D. N. Stimson. Our special consultants are Drs. S. Lustgarten, dermatologist, and B. Sachs, neurologist. Our Visiting Staff consists of Drs. E. G. Janeway, J. Rudisch, and Alfred Meyer, with Drs. M. Manges and N. E. Brill as Assistants in the Medical Service; Dr. A. G. Gerster in the Surgical and Dr. William F. Fluhrer in the Genito-urinary division, with Drs. Howard Lilienthal and Wm. W. Van Arsdale, Assistants; Dr. Paul F. Mundé, with Dr. Joseph Brettauer, Assistant, in the Gynæcological service; Dr. E. Gruening, with Dr. Charles H. May, Assistant, in the Ophthalmic; and Dr. B. Scharlau with Dr. H. Koplik, Assistant, in the Children's service.

For all of whom we gratefully record this public expression of our appreciation for their devotion to the welfare of our patients.

Our House Staffs (Surgical and Medical Divisions) are composed of Drs. W. H. Lockett, Wm. P. Loth, Charles Goodman, Herman B. Baruch, Sydney V. Haas, I. B. Morrison, H. Rodman, and Leonard T. Vaux, all of whom have served the Hospital with fidelity and to our complete satisfaction. Dr. W. H. Lockett, House Surgeon, and Dr. Wm. P. Loth, House Physician, will retire on the 1st of January, after their two years' term, and are well entitled to our recognition for duties

most faithfully performed. Dr. Goodman will be the House Surgeon and Dr. Baruch House Physician for the next term.

#### PATHOLOGICAL DEPARTMENT.

This valuable branch of our service is in charge of Dr. F. S. Mandlebaum, with Dr. Charles A. Elsberg, Assistant. Limited space and facilities have greatly interfered with the possibilities of this important service. The work was nevertheless done most efficiently and to the full satisfaction of our Medical Board.

Dr. H. N. Heineman, for sixteen years Visiting Physician of our Hospital, resigned in December, 1895, on account of protracted absence abroad. The opening of the Pathological Department in our Hospital four years ago was mainly due to his efforts and generosity, inasmuch as he maintained it at his own expense during the first years of its existence. We appreciate his constant endeavors to advance the standard of our Hospital, and thank him for his services rendered in behalf of our patients.

Dr. John A. Wyeth, who was appointed Visiting Surgeon of the Hospital in 1881, resigned on account of poor health. In accepting his resignation, as we did with great regret, we felt that our Hospital would be deprived of the services of a physician who is very prominent in his profession.

The grateful expressions of our Board are herewith tendered to him for his valuable contribution to the work of our Institution.

#### DISPENSARY.

The Dispensary Report indicates an active service well maintained in all its departments. Its importance in affording relief to a class of patients, many of whom would otherwise fall upon the Hospital for care, is too apparent to require further comment.

The following statistics show the magnitude of this work:

#### DISPENSARY REPORT FOR THE FISCAL YEAR ENDING NOVEMBER 30TH, 1896.

Number of persons treated in the Dispensary for

the year, . . . . .	33,694
---------------------	--------

Daily average number of consultations, . . . . .		316.50
Daily average number of prescriptions, . . . . .		287.75
Largest number of consultations in one day, . . . . .		525
Largest number of prescriptions in one day, . . . . .		460

Our Dispensary is provided with nine distinct departments and twenty-six classes—four each in the Internal Male, Internal Female, Surgical, and Children's Departments, and two each in the Gynæcological, Eye, Neurological, Ear and Throat, and Dermatological.

Our Board contemplates opening an Orthopædic Department in our Dispensary in the near future. With this accomplished our Institution will be equipped with a service as varied as any existing in this city or elsewhere. This proposed addition will entail considerable expense for a branch of work which is not general in hospitals, on account of the extraordinary outlay required for its maintenance. Yet, recognizing it to be a duty, on account of the far-reaching benefits resulting therefrom, we shall establish this service, relying upon the continued generosity of the public in supporting our efforts to do good to this class of sufferers, who deserve our special sympathy and care.

This demonstrates the fact that, though our Hospital does much for the relief of the sick, there are opportunities for

doing more whenever we have the means to justify our endeavors to broaden the work of our great charity, founded for the mission of ministering to the ills of mankind.

The Dispensary service is in charge of the following physicians:

- Doctors E. J. Messemer,  
George Mannheimer,  
M. Katzenberg,  
S. A. Stein, and two Assistants, in the Internal  
Male Department;
- Doctors Henry S. Stark,  
L. M. Michaelis,  
Edmund Stieglitz,  
Henry A. Cohen, and three Assistants, in the  
Internal Female Department;
- Doctors H. J. Schiff,  
E. Sternberger,  
D. D. Goldstein,  
A. V. Moschcowitz, and eleven Assistants, in the  
Surgical Department;
- Doctors Sara Welt,  
Nathan Oppenheim,  
S. H. Dessau,

all of whom well merit the acknowledgments of our Board for the satisfactory manner in which they have managed their departments.

#### OUTDOOR RELIEF AND DISTRICT SERVICE.

Though not large, this department is one of great value, and, in its operation, of vast benefit.

It frequently happens that applications come to us from those who, though proper hospital cases, cannot be admitted for want of room.

It was for the purpose of treating these temporarily at their homes, and providing physicians, medicines, and nurses when necessary, that this service was established. In this manner we afford good care to these patients until they are transferred to the Hospital, which is done at the very first moment when beds are vacant for their reception. The statistics show that the larger number of these cases were cured at their homes. The nurses for this service have been gratuitously supplied by the Mount Sinai Hospital.

As stated elsewhere in this report, the Directors of the Mount Sinai Training School intend to provide a number of free nurses for this work during the coming year.

The prescriptions are made up mainly in our Hospital Pharmacy; for the preparation of those that are more urgently required a favorable arrangement has been made with two down-town apothecaries.

The entire number of cases treated in this department for the year ending November 30th, 1896, was 184.

Of these :

Admitted to the Hospital when beds were vacant (results included in general Hospital statistics), . . . . .	50
Cured and improved in homes of patients, . . . . .	80
Unimproved, . . . . .	10
Referred to other institutions, . . . . .	34
Hopeless cases when treatment began, . . . . .	5
In charge of District Staff November 30th, . . . . .	5
 Total, . . . . .	 184

The services of District Nurses were gratuitously rendered in 169 cases at the expense of the Hospital.

Entire number of prescriptions filled, . . . . .	983
--	-----

Of these :

Prepared in the Hospital Pharmacy, . . . . .	610
--	-----

Prepared in other pharmacies and paid for by the Hospital, . . . . .	373
---	-----

Total, . . . . .	983
------------------	-----

The physicians in charge of this department are Doctors Robert Abrahams and M. Katzenberg, to whom we extend our hearty thanks for services rendered.

Dr. Josephine Walter resigned her position as District Physician, which she had ably and satisfactorily filled for years. We accord her due praise for conscientious work for the poor, so well evidenced by her connection with the Outdoor District Staff.

We summarize the entire work of our Institution, to better demonstrate the magnitude of the benefaction maintained by your generosity.

There were treated and cared for during the past year—

In the Hospital Wards, . . . . .	3,106 persons.
In the Dispensary, . . . . .	33,694 “
In the Outdoor Relief and District Service, . . . . .	184 “
Accident cases treated in Hospital, . . . . .	667 “

—in all, 37,651 human beings, the population of a city, to whom medical care and relief were given in a single year.

Taking this work over a period of twenty-five years manifests the astounding fact that we treated nearly eight hundred thousand cases in our Hospital and Dispensary since we occupied our present buildings.

Stretching our imagination beyond the confines of these walls into the many homes to which fathers, mothers, and children were restored in health, we may safely claim that millions of human beings have thus been made happy through your agency and instrumentality.

To many unacquainted with the reality, the phases of hos-

pital life present thoughts of misery and woe. Sympathizing with those who suffer, imagination leads many good people to shrink involuntarily from visiting the wards, to screen their sensitive natures from emotion and pain. The true sensation of those who are often brought in contact with the work of Institutions like ours is otherwise.

The wards in our Hospital present little to the eye which tends to create a feeling of sadness. The application of modern methods to still the pain of the patient, the kind ministrations of trained nurses, the supervising care of the Hospital attachés, who provide every necessary comfort for the patient, all together create a feeling of satisfaction and joy that so much good is done and that so much kindness is shown to those who would otherwise lead a life of misery, a burden to themselves and to those upon whom they would have to depend. Indeed, when one beholds the relief and comfort thus extended to the sick and helpless, there is inculcated into the sympathizing heart a sense of thankfulness—an inspiration of gratitude that science, in its progressive advance, has developed so much for man's amelioration, and that the benevolence practised by so many in our community has furnished the means to relieve those who need its sustaining care.

The 29th of May, 1897, will record the twenty-fifth anniversary of the dedication of our Hospital buildings. During these twenty-five years every possible improvement has been made in the present buildings, and all available space has been utilized for the accommodation of patients.

This is best demonstrated by the fact that our Hospital, when opened in May, 1872, had only 110 beds, and that, without having obtained any additional ground area, it now accommodates 225 patients. To accomplish this we have encroached to the utmost possible extent upon the interior as well as upon the open space in the yard, leaving but a small necessary area for light, air and exercise for convalescents.

The doctors' and superintendent's offices, as well as the operating and reception rooms for patients, are entirely too small for the increased work, and not at all in keeping with the requirements of a modern hospital.

Your Board has frequently appointed committees to devise plans for the enlargement and improvement of the rooms assigned for these departments, but all efforts have been futile, the limit of possibilities having been reached in all directions in our present building.

Since the opening of the present buildings marked advance has been made in the construction of hospitals and their equipment. During these twenty-five years science has developed great medical discoveries. Bacteriology, microscopy, and recently the Röntgen rays have thrown light into that which was dark and obscure, enabling the physician to diagnose and treat with more certainty and with better results.

To afford proper accommodation for pathological and microscopic research with a well-equipped laboratory is as necessary now in hospital service as the operating room for the Surgical Department. It is indeed regrettable that for lack of room these requirements cannot be sufficiently provided to enable our Hospital to keep in line with modern scientific demands.

Benevolence furnishes the means, and science the methods, for the relief of suffering mankind. They stand for head and heart, for thought and feeling; the one without the aid of the other is often without avail—united, they cope against disease with force and good results. Stimulated by these two factors, hospitals and charitable institutions are established where both benevolent and scientific work have their place and sphere. Science has, therefore, a just claim upon the funds furnished by the benevolent for the needed facilities and appliances for investigation and research, not only into the many recognized medical developments of this scientific age, but also for the discovery of much that is yet hidden and unknown in this vast region for study. The hospital is the fruitful field for such researches and tests. Every true discovery for the diagnosing and treatment of disease means not only the saving of life for its patients, but for the entire human race. To provide proper accommodations and equipment, and better enable those in charge of this Institution to carry out its benevolent and scientific objects, we appeal to many in our community who, though able, do not contribute to nor share in this inspiring work. Let those who have not yet joined us visit the wards of our Hospi-

tal and see for themselves what is being done. It will engender the feeling that they, too, should bring their offering upon this altar dedicated to humanity—for what greater satisfaction than to have aided in a cause which serves God and man, one which is sustained by the teachings of all religious and social laws?

#### LADIES' AUXILIARY SOCIETY.

The ladies of the Auxiliary Society continue in their labors of love for suffering humanity. Their work in providing linen and bedding, as well as the Hospital clothes for patients, is a contribution of no small proportion, meaning, as it does, an annual outlay of about \$3,000 for materials, besides the sewing done by the members of this Society.

In addition, they take a personal interest in our patients, and their kindly influence is felt wherever good is to be done.

Imbued with zeal for this humane cause, their mission is performed in that unostentatious manner which seeks no praise nor reward beyond the inner satisfaction resulting from good deeds well performed. Thrice blessed are they indeed, for blessings are bestowed upon them by Him who watches over all things, by the poor sufferers who are the recipients of their beneficence, and by all who recognize the noble promptings of the human heart, so manifestly evidenced by their high and unselfish aims.

#### TRAINED NURSES.

The Mount Sinai Training School for Nurses continues as heretofore to supply nurses for our patients as well as for the community. The value of the work of this school is too generally underestimated. It benefits mankind and opens a useful field for women to earn a livelihood. The trained nurse, so little known some years ago, has become the necessary adjunct of every sick-room and hospital ward.

Due to insufficient appreciation of the importance of the Training School, its support has been inadequate and not up to the expectation of its managers. To its philanthropic aims the directors of the Training School have added a feature which will furnish further claims upon the public for a charitable work of the highest order. The sick poor treated in their homes

receive the care of physicians and are supplied with necessary medicines free of charge, but thus far no systematic service has been established to provide this class with free trained nurses. To introduce the great benefaction of good nursing, cleanliness, and contact with kindly-disposed women in the homes of the poor, a number of friends of the Training School have donated a sum sufficient to provide for a year a limited number of nurses, who will, upon the recommendation of our physicians, attend the sick poor without charge.

We hope that the income of the School will be sufficiently increased to enable its directors to make this charitable service a permanent one.

#### MOUNT SINAI HOSPITAL ALLIANCE.

From this association we received a donation of \$365 during this the first year of its existence. The growth of this young society has, like many others, been retarded by the general financial depression. This should not, however, discourage or deter its organizers from following up the purposes and aims for which it was started—to establish social intercourse among its members and give financial aid to our Hospital. Its tendency to educate and interest the young Israelites of this city in works of benevolence is of itself sufficient justification for its existence and maintenance. In thanking the ladies and gentlemen of the Alliance for their donation we at the same time offer them our friendly co-operation to enhance the growth and welfare of their society.

#### OUR SISTER INSTITUTIONS.

The friendly relations at all times existing between other charitable institutions and ours have been maintained and strengthened during the past year. There is a unity of action in the management of all these, resulting from the knowledge that the mission and purpose of each is worthy, that the sustenance of all comes from the same source, and that those in charge of each respective institution are but the stewards to whom a part of the whole work has been delegated for management by the benevolent constituents of our many Jewish charities.

## PURIM ASSOCIATION.

This association, well known for many years for its public spiritedness [in aid of our communal charities, tendered our Hospital the benefit of a charity ball to be held on the 19th of January, which was gratefully accepted. We believe that the efforts of this society will produce an unprecedented social and financial success.

We take this occasion to thank the members of the Purim Association for this evidence of their good will toward our Institution.

## HOSPITAL SATURDAY AND SUNDAY COLLECTION.

Based upon the free work done by our Hospital, we received \$4,659.03 in 1896 from the Hospital Saturday and Sunday Association as our proportionate share of the undesignated fund.

Collections will be made this year in temples and churches on Saturday the 26th and Sunday the 27th of December. Some have already been made in a number of the temples and synagogues on Thanksgiving Day. More vigorous efforts will be instituted this year to increase the fund by a number of new committees which have been organized to obtain contributions in important trades not sufficiently canvassed in past years; this, we believe, will be productive of a large and satisfactory result.

It is gratifying to know that several of our Directors have willingly undertaken to aid the united hospitals of our city by acting as chairmen of some of these committees.

From the outset, when the Hospital Association was formed, the Directors of our Institution encouraged undesignated contributions only, and they have since then remained steadfast to that principle in the collection of funds, which they believe should wholly become subject to the methods of apportionment adopted by the Association.

We earnestly appeal to our friends to contribute in that manner, so that we may be second to no class in liberality and unselfishness for the object represented by the thirty-eight united hospitals of this city, engaged as they are in the common work of alleviating the suffering of those who are stricken with sickness and poverty.

To the ministers who have visited our patients, to the editors of the journals enumerated under the head of donations, and to the many other good friends of our Hospital, who have in so many ways contributed to the welfare and comfort of the sick poor entrusted to our care, we offer deserved acknowledgments for their thoughtfulness and liberality.

The members of the firm of Hoadly, Lauterbach & Johnson, who have at all times freely given us their valuable advice and services in all legal matters concerning the interests of the Hospital, deserve expressions of our deep obligations, which we herewith tender on behalf of ourselves and the members of our Institution.

It is gratifying to note that new friends and supporters are being constantly obtained, and that our Institution grows from time to time in the affection of our people.

This gives promise that the seed of benevolence sown long ago, ripening such rich fruit in our days, will yield an increasing bounteous harvest from year to year, from which the distressed and unfortunate will be refreshed and invigorated for all time to come.

The essence of all philosophy, ethics, and religion teaches the brotherhood of man. In our days of progressive civilization this doctrine has become better understood, in order that the structure and edifice of society reared by man may be more enduring and rest more firmly upon this corner-stone.

The recognition of this cardinal principle imposes duties and responsibilities upon those more favored and better fitted to bear the burden and strain upon the framework of this human building. It means that the strong must uphold the weak, that the well must care for the sick, and that those blessed with possessions must aid the poor. This begets a feeling of mutual reliance upon each other, so that when adversity and misfortune come, as they do to many, they may look up hopefully, consoled and strengthened by the abiding faith that they are not forsaken.

Mindful of these fundamental principles, Mount Sinai Hospital continues to float the banner of non-sectarianism and conducts its work upon the broadest lines of good will and humanity. May its influence be wide and far-reaching to establish

closer bonds between those who, though divided by sect or creed, are nevertheless animated by the same progressive doctrines and beliefs in a universal brotherhood; between those who recognize the claims of their distressed fellow-men without distinction, who commend good deeds by whomsoever performed.

It was the light from Mount Sinai that illumined the world and gave it the moral code by which it is guided. Our Institution has at all times remained true to its illustrious name and high calling. It has shed the light of benevolence and good will far and near, thereby dispelling darkness and prejudice—the evil spirits of ignorance and hate. May it ever continue in its noble mission—a shelter for the sick, an example of liberality for others, a glory and a blessing to our people!

MINUTES  
OF THE  
Annual Meeting of the Patrons and Members  
OF  
THE MOUNT SINAI HOSPITAL,  
Held on January 23d, 1898.

---

The President, MR. ISAAC WALLACH, in the chair, and a quorum present.

On motion, it was decided to dispense with the reading of the minutes of the last annual meeting.

The "Report of the President and Board of Directors" was read by the President, and on motion same was accepted and referred to the Board for printing.

On motion, duly seconded and carried, the Treasurer's report was accepted without the reading of same by the Secretary.

Mr. Albert F. Hochstadter addressed the meeting and desired information relative to the new Hospital.

Mr. Jacob H. Schiff discussed the question of a new Hospital and thanked the Board of Directors for their earnest and energetic efforts in behalf of the Hospital.

Mr. Marcus M. Marks desired information in reference to the number of patients treated in the Hospital last year.

Mr. Siegmund J. Bach expressed great gratification on the report of the President and moved that the assemblage thank the Board for their untiring energy, which motion was unanimously carried.

There being no further business, the meeting adjourned.

L. M. JOSEPHTHAL,

## Report of the President and Board of Directors.

NEW YORK, December 1st, 1897.

*To the Members of the Mount Sinai Hospital of the City of New York :*

Time in its onward flight, shows no visible sign of pause or division—it is continuous, endless, infinite, yet it leaves its traces upon all things animate and inanimate. It is man himself who has set up lines of demarcation with hours, days and years to better chronicle events and make record of what he has accomplished in his own brief existence.

Now, that we are called upon to review another year in the history of our Institution, we look back and behold a like picture of man's suffering and man's goodness. As in the longer past, we observe the inroads of disease and decay which Time makes upon humanity, and the hand of man's benevolence stretched forth to relieve the afflicted.

The scene is ever the same; it is the characters who figure therein and form a part thereof that change. You who furnish the means, and we representing you in their dispensation for the benevolent care of those whom time and circumstances have rendered infirm and helpless, are but the actors for the parts assigned to us in life's great work.

Though this retrospective glance shows a strong impress of the hand of Time upon many who have suffered, upon its pages are also written in golden letters the names of generous men and women whose hearts were prompted to succor and to aid, who were ready to enter into the combat and struggle against the forces of Nature, and now, as they scan the list and see how many were saved through their instrumentality, they will find supreme satisfaction in the thought that they have rendered aid to such a sacred cause.

The great mission of healing the sick and caring for the unfortunate is made far-reaching in the threefold service of our Institution. Our Hospital, Dispensary and District Service provide for all who come within the scope of our work with a generous hand, in keeping with the principle of non-sectarianism upon which it was founded and for which it has become distinguished.

The Hospital, with its varied departments—medical, surgical, ophthalmic and aural, gynæcological, genito urinary, and for children's diseases—is, indeed, a great benefaction to the sick. Our Dispensary, with its nine departments and twenty-six classes—treating thousands of persons who are unable to pay for medicines or the services of a physician—does incalculable good in curing ailments in their incipient stages, thereby enabling this class of patients to continue in their occupation, and preventing them from becoming bedridden or applicants for hospital care.

Our District Service furnishes physicians, nurses and medicines at the homes of applicants when there are no accommodations at the time in our wards; and these are often restored to health and usefulness after a short treatment, thus relieving, in a measure, the crowded condition of the Hospital, due to inadequate facilities and the desire to receive as many patients as it is possible to provide for.

Drs. R. Abrahams, M. Katzenberg, Max Rosenberg, and Charles Goodman are in medical charge of this department. We thank them for services rendered.

The tabulation of the ordinary routine work of an Institution like ours requires too much space to admit of extended remarks upon subjects which partake of a sentimental character. Much could be said upon the phases of the life met with in hospital experience. Many cases, from a social as well as a medical standpoint, present features of extraordinary interest. The dramatist, as well as the scientist, might find ample material here to write volumes in depicting the struggles, miseries, hopes and realizations of the many who come to it for relief and restoration to health. And when the chapter closes tragically, as it does at times, the hand of mercy is stretched forth to perform the duties to the dead and relieve the bereaved ones left behind. Surely there is no field where the charitably inclined can better sow the seeds of their benevolence—none where they can reap richer harvests.

#### FINANCES.

The following extracts have been made from the reports of the Treasurer and Finance Committee:

#### ASSETS.

Invested in bond and mortgage on property in the city of New York,	\$306,000.00
Cash in hands of the Treasurer,	34,740.48
Total,	\$340,740.48

Also, \$5,000 in bonds of the Hebrew Benevolent and Orphan Asylum Society; \$500 in bonds of the Freundschaft Club, and the Hospital and Dispensary buildings in use, free from encumbrance.

We hold the following special funds in trust:

Building Fund, . . . . .	\$1,685.36
Convalescent Fund, . . . . .	4,197.84

Also, \$2,000  $4\frac{1}{2}$  per cent Pennsylvania Company bonds, for the benefit of the latter fund.

The income obtained from the Convalescent Fund and special donations thereto are expended for the relief of deserving convalescent patients leaving our Hospital.

#### RECEIPTS AND DISBURSEMENTS.

The receipts applicable to the support account of the Hospital for the fiscal year ending November 30th, 1897, were:

From Donors, . . . . .	\$16,700.00
“ Patrons, . . . . .	17,625.00

Total, . . . . .	\$120,993.33
Disbursements for support of Hospital and Dispensary, . . . . .	125,839.05
(An increase of \$5,001.93 over the preceding year.)	
<hr/>	
Excess of expenses over receipts applicable to support, . . . . .	\$4,845.72

Receipts to be applied to and invested for the Permanent Fund:

From Legacies and Bequests, . . . .	\$27,317.47	
From Perpetual Beds, . . . . .	20,000.00	
From Life Bed, . . . . .	1,000.00	
From Miss Rosie Bernheimer, for dedication of the Adolph Bern- heimer Ward, . . . . .	30,000.00	
From interest on Permanent Fund, . .	16,001.36	
	<hr/>	\$94,318.83
Cash on hand December 1st, 1896, . . . .		11,267.37
		<hr/>
Total, . . . . .		\$105,586.20

Of this:

Invested in Bond and Mortgage in

the city of New York, . . . . .	\$66,000.00	
For deficit in Support Account, . . . .	4,845.72	
Cash on hand; . . . . .	34,740.48	
	<hr/>	\$105,586.20

These figures clearly demonstrate that our Hospital is not yet self-sustaining, and that it is largely dependent upon bequests and voluntary gifts for its support, which, at best, are uncertain and unreliable sources upon which to predicate the financial requirements for the maintenance of an institution like ours, the service of which should not and must not be impaired or diminished.

During the past thirty years (from 1867 to 1897) over sixty-five per cent. of all receipts from legacies, bequests, donations, perpetual and life beds was expended for the support of the Hospital.

The amount invested in the Permanent Fund represents but a small percentage of what should have been set apart to produce an income for support. When the receipts from members and from such other sources which are looked upon with a degree of reliability are insufficient to cover the necessary expenditures, which has been the case for many years, there is no other recourse than to use part of the funds which would

otherwise have been properly set aside for permanent investment.

#### IN MEMORIAM.

While the uncertainty of human life imbues us with the knowledge that all that is animate will sooner or later be hushed in the stillness of death, and that the dear forms of those with whom we are associated must forever disappear from our view on earth, we were unprepared for the sudden taking away of our beloved comrades Mayer Lehman, Julius Ehrmann and Albert Sichel from the field of their activities in behalf of our humane cause, and it has filled our hearts with deep sorrow and a true sense of the great loss which Mount Sinai Hospital, our Board and each and every one of us has sustained.

Julius Ehrmann, who died on April 4th. 1897, became a member of our Board in 1893. Though connected with the Institution for only four years, he manifested zeal and devotion in the work of the Hospital with that concern for the welfare of its patients which his noble heart and generous spirit ever prompted. Our records bear rich testimony to his intelligent and effective labors for the development of our Institution.

Mayer Lehman departed this life on the 21st day of June. He was connected with the Board of Directors for nineteen years, during which time he evidenced unswerving loyalty, unfailing devotion and a warm interest in all that concerned the welfare of the Institution. By his death our Hospital has lost a liberal supporter, our Board a zealous co-worker and wise counsellor, and the sick and unfortunate a kind and generous friend. He was endowed by Nature with a warm heart quickly prompted to help and relieve the afflicted, and with a geniality and kindness of disposition toward all with whom he came in contact. His entire life was a true exemplification of sterling character and conscientious action. Though he has left behind him a heritage of good deeds as the fruits of a well-spent life, his death has left a void in the midst of us not easy to be filled.

Albert Sichel, whose death occurred on the 24th of October

last, was elected Secretary in January, 1897. His association with the Board was but for a brief period. Nevertheless, it was sufficiently long to win for him the respect and friendship of his colleagues, and to prove that the enlistment of his services in the active work of the Hospital added to its managers a man of great ability and sterling character who was most devoted to its cause.

Expressive of the high esteem and regard in which our deceased colleagues were ever held by the Directors of our Institution, suitable resolutions were adopted, at the times of their respective deaths, which were published, spread on our minutes, and engrossed copies thereof sent to their respective families. Their existence has left an ineffaceable record in the annals of our time of noble and devoted work in behalf of suffering mankind. Free from care and pain, which it was their life's aim and mission to relieve, their memory will ever be held sacred and hallowed by those who were the recipients of their benefactions, by us who were privileged to be their co-workers, and by all who maintain this great charity.

#### NEW HOSPITAL.

To dwell upon the present condition of the Hospital and the necessity for new buildings would be simple repetition of what has been presented to you in previous reports. We feel sure that our constituents fully recognize this great need, and that they are sufficiently impressed with its importance to provide for the erection of a larger and better building than the one we now occupy. We have refrained from active efforts for this much-desired consummation during the past four years, on account of the unfavorable commercial conditions, and because several of our other charities, not sufficiently provided for, came before the public for larger aid.

With the indications of better times and assured prosperity before us, and the fact that suitable provisions have been made in the way of new buildings and otherwise for our sister institutions, we feel that the time has come when it is our imperative duty to advance the project with utmost vigor and energy.

It is not our intention to precipitate this work unduly, nor to begin operation until ample means are secured to insure its success.

We are now engaged in obtaining confirmation of the subscriptions made for this purpose several years ago, and we are gratified to state that we have met with most encouraging responses from former subscribers. We shall make efforts to gradually secure additional ones from those in our community who have not yet been called upon.

To provide the large sum required for this undertaking, it is proposed to use a part of our Permanent Fund and to obtain the remainder by subscriptions, upon the plan adopted by the members of the Hospital at the annual meeting held January 8th, 1893.

We urgently appeal to you all to give the movement your moral as well as your financial support, so that we may see the fruition of our earnest hopes for the establishment of an Hospital which will rank with others recently erected in our city, and which will enable its directors to maintain the high standard generally accorded to the Mount Sinai Hospital.

It has been suggested that the new Hospital building be so constructed that it will afford the opportunity to our friends to dedicate wings or wards as memorials, either in their names or in those of others.

We bring this prominently to your attention, at the present time, to enable those in our community who contemplate doing so to give the subject the thought which it deserves, so that suitable provision may be made therefor in the plans for the new building, and that the financial assistance rendered thereby may be made known to us in due time.

Dedications of this character show in perennial beauty the loving tribute which inspired them, as well as the benevolent impulse of the donor to benefit present and future generations. Monuments of brass or stone are but lifeless creations to perpetuate man's memory. Monuments reared in the cause of humanity are animating examples of man's best promptings—they are ever remembered, ever blessed.

## MEMBERSHIP.

Our records show an enrollment at the present time of

Donors,	.	.	.	.	172
Patrons,	.	.	.	.	760
Members,	.	.	.	.	3,054
Juniors,	.	.	.	.	13
					<hr/>
In all,	.	.	.	.	3,999

The following additions were made to our list during the current year:

Donors,	.	.	.	.	2
Patrons,	.	.	.	.	22
Members,	.	.	.	.	216

4 Patrons became Donors; and  
51 Members were changed to Patrons.

These additions were more than offset by resignations, and the necessity for striking off the names of many who were either unable or unwilling to pay their dues.

The entire receipts from membership were \$910 less than in 1896. We lost 44 members by death—of these, 2 were Life Members, 5 Donors, 8 Patrons, 29 Members.

In the month of May, we invited the presidents of lodges in the various fraternal orders in our city to attend a meeting at the Hospital for organization in aid of our Institution. This resulted in the formation of the "Mount Sinai Hospital Membership League," and the election of the following gentlemen as its officers:

*President*, . . . . . Mr. Joseph Adler.  
*Vice-President*, . . . . . " Philip Myers.  
*Secretary*, . . . . . " Jacob C. Rosenblum.

Through their efforts 29 new members were enrolled, and donations amounting to \$438 were received from various lodges. In thanking these gentlemen for their self-imposed work and manifest interest in behalf of our cause, we express the confident hope that they will continue their efforts in this comparatively new field, believing, as we do, that there are

many in our community who are able to contribute their share for the support of our Institution, and willing to do so if knowledge of its needs and worthiness is brought home to them.

## LEGACIES AND BEQUESTS.

It is with a sense of gratitude that we record the following legacies and bequests from those who in life were imbued with thoughts of benevolence and care for the unfortunate:

From Louis Arnheim, . . . . .	\$500.00
“ Henrietta Seidenberg, . . . . .	500.00
“ S. Sternberger (Freundschaft Club bonds), \$500.00	
“ Leonard Friedman, . . . . .	2,500.00
“ D. B. Fayerweather (balance), . . . . .	659.47
“ Simon Zinn, . . . . .	100.00
“ Mayer Lehman, life insurance for benefit of Hospital, . . . . .	2,958.00
“ Jacob Scholle, . . . . .	2,500.00
“ Samuel Rohman, . . . . .	100.00
“ Mayer Lehman, . . . . .	15,000.00
“ Moritz Cohn, . . . . .	750.00
“ Bertha May, . . . . .	250.00
“ Dr. Emanuel M. Friedlein, . . . . .	500.00
“ Frederick Wehle, . . . . .	1,000.00
Total, . . . . .	\$27,317.47

In accordance with our established custom, these legacies and bequests will be perpetually enrolled and printed in our annual reports.

## DONATIONS.

A tabulated list of the donations received during the year, amounting to \$4,435.42, together with those entered in the Golden Book of Life, will be found on page 73 of this report.

## PERPETUAL BEDS

Perpetual beds were dedicated during the year as follows:

In memory of Bernard Mainzer, deceased; dedicated by the family.

In memory of Mariane Ickelheimer, deceased; dedicated by Mrs. Julie Heidelberg.

Two beds in memory of Carl Theodor Mayer, deceased; dedicated by will of his mother, Antoinette Mayer.

In memory of Bernard Cohn, deceased; dedicated by his family.

In memory of Julius L. Goldenberg, deceased; dedicated by his mother.

In memory of Adelaide Ballin King, deceased; dedicated by David James King.

In memory of Mathilde Oppenheimer, deceased; dedicated by Edward Oppenheimer.

Suitable tablets were placed over beds in our wards. Such dedications to perpetuate the memory of loved ones afford opportunity for the sentimental expression of affectionate tribute, and at the same time make benevolent provision for practical charity.

#### LIFE BEDS.

A life bed was founded by Mr. and Mrs. DeWitt J. Seligman, in the name of their daughter, Ethel F. Seligman, in gratitude for her recovery after a severe illness. We thank the donors for their kind consideration in behalf of our Hospital.

#### ADOLPH BERNHEIMER MEMORIAL.

A donation of \$30,000 was made by Miss Rosie Bernheimer to found and dedicate a perpetual memorial to her father, the late Adolph Bernheimer. Six beds have been set apart for this purpose in the male division of the Eye and Ear Ward, and suitable tablets have been placed over the entrances thereto. The selection of our Institution for the establishment of this memorial evinces the generosity and good-will of the donor for our Hospital, for which we are deeply grateful.

#### DEATHS.

Though we are constantly reminded of the mutability of human life, yet at no time does this thought crowd itself upon our minds with such force and significance as when we annually call the roll and find that so many good, true men and women

identified with our work have been taken out of our ranks: those who were at our side but as yesterday, and who now slumber in eternal rest and peace.

With feeling of deep respect for the dead, and expressions of profound sympathy to those who mourn their loss, we read the names of our members who departed this life during the past year:

Emanuel B. Hart, who died this year, was president of the

Hospital from 1870 to 1876. He was largely instrumental in obtaining the site upon which the present Hospital buildings were erected in 1872, and was most assiduous in promoting the objects of the Hospital, both during his administration and thereafter.

#### LADIES' AUXILIARY SOCIETY.

The Ladies' Auxiliary Society, officered by Mrs. M. H. Moses, president; Mrs. Isidor Wormser, first vice-president; Mrs. J. A. Cook, second vice-president; Mrs. Julius Beer, Treasurer, and Mrs. J. R. Seligman, secretary, together with the ladies associated with them, continue, as heretofore, in the noble work assumed by them in providing linen, bedding and clothing for the inmates of our Institution. There exists no truer type of woman's devotion, no more beautiful example of her sympathetic nature, than that shown by these ladies in behalf of the sufferers who are the objects of our solicitude and care. We cannot sufficiently express the thanks which they so richly deserve. May He who rewards good deeds vouchsafe to them health and strength, so that for many years to come the patients of our Hospital may receive the loving ministrations so warmly prompted by their generous hearts and so freely extended by their willing hands.

#### PURIM ASSOCIATION.

The Purim Ball tendered by this Association for the benefit of our Hospital, referred to in last year's report, was held on the 19th of January last and proved to be a social and financial success. The sum of \$15,076.03 was added therefrom to our treasury.

We are cognizant of the fact that the public spirited gentlemen of the Purim Association seek no recognition for their many benefactions in aid of our eleemosynary institutions. Unable as we are to show our gratitude otherwise, we desire in these feeble words to express our great obligations, with the assurance that the Mount Sinai Hospital is lastingly indebted to them for their laudable endeavors and charitable undertaking in its behalf.

## RESIGNATIONS.

Mr. Solomon Loeb, a member of our Board since 1885, tendered his resignation in October. In deference to the plea that his health required a cessation from the activity which the position imposed upon him, we could interpose no remonstrance, nor unduly urge its withdrawal, and, though compelled to accept it, we did so with the utmost reluctance.

While we realize that we are thus deprived of his wise counsel and good judgment in our deliberations, and the Hospital of a most valuable and efficient director, we nevertheless know and feel that the zeal which he manifested at all times for the best interests of our Institution will be maintained in the future with no less degree of devotion than in the past.

We cordially extend to him our best wishes for a long and happy life, continuing as hitherto to interest himself in our cause for the alleviation of suffering humanity.

Our Director, Mr. Marcus M. Marks, who filled the office of Honorary Secretary for two terms and has been an active member of our Board for four years, resigned on account of recent illness and his manifold duties in other eleemosynary societies in our community. Due to his unvarying interest in our Hospital and Dispensary, he became so thoroughly familiar with all details that we shall greatly miss his valuable co operation and zealous efforts to advance the standard of our Institution. He leaves the Board to our regret and with the well wishes of each and every one of its members.

Mr. Henry F. Veith, who became a Director of the Hospital in 1895, offered his resignation recently from a sense of duty, feeling, as he did, that he could not spare the time which his ever-faithful application to its work demanded. In every position which he filled on the various committees of which he was a member he evinced a sense of responsibility, combined with most earnest endeavor, productive of great benefit to the Hospital. We earnestly hope and believe that his strong attachment for our Institution will continue, and that the Mount Sinai Hospital will hold the same place in his affections that it has hitherto.

We exceedingly regret that our esteemed colleague, Mr. J. H. Rothschild, has found it necessary to sever his connections

with our Board. During the time he was associated with it he has shown deep interest in the work of the Hospital and great devotion to its cause; at all times ready to perform the duties devolving upon him in his position. Though no longer occupying a seat in our Board, nor directly co-operating with us in the management of the Hospital, we are confident that his interest in all that concerns its progress and welfare will not cease.

#### REVIEW.

The following statistics for a period of twenty-five years, from 1873 to the present time, showing the gradual increase in the work of the Hospital, will no doubt prove interesting:

	54,398	\$1,623,635.47		

Summarized, this tabulation shows that 54,398 patients occupied beds and were treated in the Hospital during the past twenty-five years at a total expenditure of \$1,623,635.47 for

support. This does not include outlays for improvements and repairs made in the Hospital, nor the expenses for its large Dispensary service. Allowing the usual average disbursements for these latter items, it would demonstrate the fact that considerably over two million dollars have been spent, during the above period, for the maintenance of this great charity. These figures speak volumes in praise of the generosity of our constituents and require no further elaboration or comment. The facts gleaned from this tabulation justify the following conclusions:

The average cost of support per patient shows that, though the better and more expensive system of trained nurses has been introduced in our wards, and that more scientific methods and facilities were established in the service of the Hospital in recent years, the average cost per patient has not materially increased. Without lack of modesty, this may properly be presented as a correct index of the economical administration of the affairs of the Hospital.

A careful comparison of the average cost per patient, per diem, and the average length of stay of patients in the Hospital for the last ten years with those preceding them will be instructive.

This clearly demonstrates that while the introduction of more modern and improved methods in the Hospital service has slightly increased the per capita cost per diem, it has been more than offset by a corresponding reduction in the average stay of our patients. Aside from humane considerations, this tends to prove that a liberal, progressive policy in hospital management produces the most satisfactory and economical results.

#### PHARMACY.

This important department is in charge of Mr. J. Skudin, apothecary, with two assistants. It gives us pleasure to testify to his able and efficient service. Over two hundred and fifty thousand prescriptions were prepared in the pharmacy last year for our Hospital and Dispensary, including a moderate number for the United Hebrew Charities, Emanu-El Sisterhood, and other deserving societies.

## PATHOLOGICAL DEPARTMENT.

This valuable adjunct of our Hospital is under the management of Dr. F. S. Mandlebaum, with Dr. Charles A. Elsberg as his assistant. Their services have proven highly satisfactory to the Medical and Lay Boards of our Institution.

The usefulness of this scientific department could be much increased were we able to devote more space and provide better facilities for its accommodation. All available room has been utilized for the care of patients, to such a degree that it is not possible to make suitable provision for essential departments required for modern hospital work.

## TRAINED NURSES.

Our ward and private patients receive the advantage and benefits resulting from the care of trained nurses supplied by the Mount Sinai Training School.

Recognizing the better results obtained therefrom, at the request of the Visiting Surgeons of the Hospital, female nurses were introduced for the first time this year in the two male surgical wards. This new system has proven most satisfactory and will be continued.

In this connection, we may be permitted to say a few words in behalf of the Training School which is not yet sufficiently supported by the public to make it self-sustaining. Aside from its service to the Hospital, for which due compensation is made, it has certainly established claims upon the community at large in that it educates nurses for those who require them in their homes in time of sickness, and provides a limited number of free nurses for charitable work among the poor of our city. We earnestly hope that those of our members who are not yet enrolled will become contributors for the support of this philanthropic and deserving institution.

## IMPROVEMENTS.

During the year, new disinfectors and sterilizers were purchased, and new bathtubs were introduced for ward and private patients at considerable cost. The entire wards, rooms, and corridors were renovated and painted during the summer

at a cost of over \$4,000. These improvements necessitated the successive closing of one ward at a time from June to October, diminishing the Hospital accommodations to that extent, and accounts for the lesser number of patients treated this year than in 1896. (In 1896 we treated 3,106 patients; in 1897, 2,996; a difference of 110.) In view of these extensive improvements and consequent impairment of our usual facilities, it is remarkable that the service was not reduced to a still greater degree. This is evidence of the fact that every effort was made to provide for as many as it was possible to accommodate under the conditions which then existed.

#### HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

Collections will be made this year in temples, churches, factories and in the general trades, on Saturday the 25th and Sunday the 26th of December, for the partial aid of the forty hospitals which are members of this Association. The tendency from year to year has been toward greater interest and a more general co-operation in our community in behalf of this meritorious movement.

This bringing together of many noble men and women of different faiths, upon a platform resting upon the principles of a common brotherhood, has had a most far-reaching and highly beneficial influence. It has created a better understanding and a truer conception of the good done by others, and that human nature and sympathy respond alike from those of different professions of faith.

It will be most gratifying to the Directors of Mount Sinai Hospital to know that its members and friends have added their contributions to the undesignated fund, from which our Institution receives a due share.

#### SUPERINTENDENT AND MATRON.

Mr. Leopold Minzesheimer, our Superintendent, and Mrs. Minzesheimer, our Matron, are diligent and watchful of every interest of the Hospital, and fill their respective positions with satisfaction to our Board. Their hearts are deeply engaged for the welfare of our patients, and this is constantly made manifest

by the kindness and sympathy extended by them to the sick entrusted to their care.

#### CONSULTING AND VISITING STAFF.

The service of the Hospital is well provided for in all its departments. Our Consulting Staff consists of Drs. Jacobi, Markoe and Stimson, and Drs. Lustgarten and Sachs as special consultants in dermatological and neurological diseases.

The Attending Staff is composed of Drs. Gerster, Janeway, Rudisch, Alfred Meyer, Fluhrer, Mundé, Gruening, and Scharlau.

These physicians, of prominent standing and high repute in their profession, direct and supervise the medical treatment of our patients, and bring the benefit of their skill and care to the humblest individual in our charge. For this great boon, involving sacrifice of much time, as well as for their devotion to our cause, we extend to them the grateful acknowledgments of our Board, to which, we believe, may be added those of the members of our Institution.

#### ADJUNCT ATTENDING STAFF.

This Staff is in charge of the service during the summer months and other times during the absence of the Attending Staff. Its members are Drs. Lilienthal, Van Arsdale, Manges, Brill, Brettauer, May and Koplik, to all of whom we express our thanks for the valuable services which they have rendered to our Hospital.

#### HOUSE STAFF.

Drs. Chas. Goodman, House Surgeon, and Herman B. Baruch, House Physician, completed their term of office on the 1st of July last, and were each awarded a diploma testifying to their professional ability and satisfactory service.

Our present House Staff is composed of Drs. Haas, Vaux, Hauswirth, Uhlfelder, and Foord on the Medical division, and Drs. Morrison, Rodman, Brickner, Eckstein and Allen on the Surgical division.

Dr. Haas, House Physician, and Dr. Morrison, House Surgeon, retire on the 1st of January, after their full term of two

years, and will be succeeded by Dr. Vaux on the Medical and Dr. Rodman on the Surgical service of the Hospital.

#### ADMITTING PHYSICIAN.

Dr. Davison has held this position for fifteen years. He merits our highest encomiums for faithful performance of the onerous duties of a most responsible department. Every applicant for admission at the Hospital, also many at their homes whose condition does not permit them to come there, are examined and reported on by him. This great work is done with promptness and conscientiousness.

#### MOUNT SINAI HOSPITAL ALLIANCE.

We received the sum of \$645 as a donation from this Association, composed of young gentlemen and ladies leagued together for the purpose of helping our great charity. This spirit of benevolence, shown in such a marked degree in early life, gives promise and guarantee that our institutions will be well cared for and humanely directed when the elders now in charge have passed from this earthly sphere.

In thanking the members of the Alliance, we extend the earnest hope that with increased energy and strength they will continue their work upon the corner-stone securely laid, so that the structure which they have begun will rise in beauty, and in its completion become a joy to them and a lasting benefaction to our Institution.

#### NEW DIRECTORS AND SECRETARY.

In accordance with our By-Laws the following appointments were made by our Board until the annual election :

Mr. Meyer H. Lehman, to fill the vacancy caused by the death of our Director, Mayer Lehman.

Mr. Kalman Haas, to fill the vacancy caused by the resignation of Mr. Henry F. Veith.

Mr. Joseph F. Cullman, to fill the vacancy caused by the death of our Director, Julius Ehrmann.

Mr. Louis M. Josephthal was appointed Secretary, to fill the

vacancy caused by the death of Albert Sichel, the former Secretary of our Board.

Mr. Joseph Fox, to fill the vacancy caused by the resignation of our Director, Mr. Solomon Loeb.

Mr. Walter A. Schiffer, to fill the vacancy caused by the resignation of Mr. Marcus M. Marks.

And Mr. Adolph Lewisohn, to fill the vacancy caused by the resignation of Director Mr. J. H. Rothschild.

#### SISTER INSTITUTIONS.

The happy accord and cordial relations existing between our communal charities give strength to each individual institution. Every proper effort from the one is encouraged and sustained by the others. We have had occasion during the year to receive patients from many of our sister societies. It is unnecessary to particularize, inasmuch as these were cases which properly came within the scope of our work. Several chronic patients were referred by us and accepted by the Montefiore Home, and we desire to make this public expression of thanks to the management of this worthy institution. The bright constellation of Jewish charities, maintained in our city for the care of the unfortunate and distressed of all faiths and classes, sheds lustre and honor upon our entire community. Their broad liberality and generous provision for the unfortunate are recognized in other cities, as well as by the general public in this great metropolis.

#### ACKNOWLEDGMENTS.

During the past year the members of the firm of Hoadly, Lauterbach & Johnson have again gratuitously attended to the legal business of our Hospital, besides giving their valuable services to all matters affecting its interest.

In addition to the time devoted by them, all outlays for expenses connected with their voluntary work have been generously contributed in such manner that we are unable to estimate the full extent of our obligation.

We cannot express our thanks in adequate measure, nor suf-

ficiently appreciate how greatly our Institution is indebted to them for their disinterested efforts and ready responses to every call in its behalf.

To the ministers who visit our patients; to the editors of the journals enumerated under the head of donations, who supply our patients with copies of their publications, and to the many good friends of our Institution who have manifested their sympathetic interest and made generous contributions in behalf of those in our charge, we offer our heartfelt thanks and grateful acknowledgments.

The real treasures of life do not consist in the accumulation of wealth, but rather in its use and what it is made to accomplish. To strangers visiting our city we justly point to the many institutions for education and for the care of the unfortunate as among our greatest possessions. These are rightly regarded as the epitome of civilization and a true indication of the heart and humanity existing in a community.

The development of this heart culture, produced by kind deeds for others, not within the circle of those bound to us by ties of consanguinity and affection, exerts a benign and softening influence—one that is far-reaching, permeating throughout the length and breadth of our social fabric.

Many pages of history chronicle epochs of cruelty practised by man upon his fellow-beings. Others bear imprint of the dawn of a better understanding of man's interdependence and mutual responsibilities. This better understanding has created the provision made for the care and sustenance of those who have, by misfortune and distress, become dependent upon others who are able to lighten their burdens in life's pilgrimage. Thus it is that the more favored, when responding to the obligations imposed upon them, provide not alone for the necessities of the individual, but contribute credit as well to the record of the civilization prevailing in their time.

Would that we might all better understand this cardinal tenet of the world's true religion, this heaven-born spark of sympathy and mercy for those who are stricken and downcast! To the high calling—for the dissemination of this great truth, our Institution has been dedicated. Founded for noble aspira-

tions and the most unselfish devotion of man, it is truly a temple where all may meet, where all may bring sacrifices upon its holy altar—offerings most acceptable to God and man.

Respectfully submitted.

## Report of the President and Board of Directors.

---

NEW YORK, December 1st, 1898.

*To the Members of The Mount Sinai Hospital of the City of New York :*

The deeds of nations and individuals create distinct epochs in man's progress and civilization. Truly this is the epoch of benevolence—the period when man, in the rightful recognition of his relations toward his fellow-beings, voluntarily assumes duties and responsibilities for the care of the unfortunate; when the heart is being so trained and educated that its inner promptings compel those favored by fortune to extend the hand of benevolence to succor the distressed, who otherwise would be doomed to misery and despair.

It is such a constituency which maintains our noble Institution; and, in looking over the pages written up in the history of The Mount Sinai Hospital for the past year, the record shows that our Jewish public has again given ample proof of the great heart by which it has been animated and for which it has become so distinguished. Prominent in these annals stands a marked example of the liberality of our supporters in donating funds for the erection of new hospital buildings to provide increased and improved facilities for the humane work in which they are engaged. There exists no more practical demonstration than this to prove how deeply and earnestly our people are imbued with the religious teaching of all faiths to provide for the poor and sick amongst them.

Strengthened by your noble responses to the urgent needs of our institutions, it will be our aim and duty to see to it that the new Hospital shall be a temple consecrated to the

cause of humanity and distinguished for its broad, liberal, non-sectarian principles, so that, as in the past, it may continue to dispel the mists of undeserved prejudice and be justly entitled to the commendation of yourselves as well as of those who are not of our faith. May the good work inaugurated and sustained by you give your hearts true contentedness, and may it bring to you all the satisfaction which flows from duties well performed.

The administration of our affairs and the policy guiding our Institution have been maintained on the same lines as heretofore. It has been our endeavor to do the greatest good to the greatest number. Our statistics show that the beds in the general wards have been constantly filled; 3,287 patients have been treated in the Hospital during the past year. This is many more than in any preceding year in the history of our Institution.

In presenting to you the statistics of our Institution bearing upon our financial condition and the work of the Hospital for the fiscal year ending November 30th, 1898, we shall briefly dwell upon such parts thereof as call for explanation or special comment.

## REMARKS.

An erroneous impression prevails with some in the community that our Institution is amply and richly provided for. A few figures from our statistics will suffice to demonstrate the contrary. Our annual expenditures for support are \$125,000 approximately. Our reliable income from regular contributors is about \$60,000 per annum and about \$15,000 from interest on invested funds, leaving a large sum to be annually provided for from receipts from pay patients, gifts, and other sources which at best are fluctuating and uncertain.

This condition has necessitated our using at least 75 per cent of all legacies, bequests, and moneys received for perpetual beds and intended for the continuous support of the Hospital—funds which should have been set apart and invested to produce an income.

We are rich, indeed, in the affections of our people; not alone of those who receive the bounty of our Institution, but also of those who foster and maintain it. These are inestimable treasures which give strength and encouragement to those who administer the sacred trust which you have placed in their charge.

We call special attention to the appended statistics showing the total amounts received from donations, legacies and bequests, and for life and perpetual beds up to the present date:

IN MEMORIAM.

Leopold Minzesheimer, the late Superintendent of our Hospital, departed this life on the 18th day of August last. He had been connected with the Institution for a period of eleven years and held the position of Superintendent since 1892. By his death our Institution was deprived of a most loyal, efficient, and conscientious officer. Endowed by nature with a sympathetic heart to feel for the suffering, the patients found in him a true friend who was at all

times deeply interested in their welfare. His rare tact and ability, guided by his gentle disposition, enabled him to superintend the affairs of our Institution so as to win the friendship of all with whom he came in contact. His loss has been deeply deplored by the lay and medical boards of the Hospital, by a large part of the public, and by the many sufferers who have been cared for within its sheltering portals. Truly a good, kind man has gone to his long home—a man of noble attributes, who filled his post with honor and fidelity.

As an expression of our high esteem for the deceased, at a special meeting of the Board held August 19th, 1898, it was "*Resolved*, That the Hospital flag be placed at half-mast, the funeral be taken charge of by The Mount Sinai Hospital, and that its Directors attend same in a body; that his office be draped in mourning for thirty days, and that suitable resolutions be published, spread in full on the minutes, and an engrossed copy thereof be sent to the family of the deceased."

#### NEW HOSPITAL.

The great need for new hospital buildings, providing larger and safer accommodations, with better facilities for modern scientific work, has been presented to you heretofore. In 1893 subscriptions were taken for 3% bonds for the erection of such buildings, but this undertaking was soon suspended on account of the disturbed financial conditions then prevailing. Since then, up to the beginning of the year, the subject was agitated without definite action being taken. Encouraged, however, by the unanimous sentiment expressed by the members of our Hospital at the annual meeting held in January, 1898, to the effect that the Directors should proceed, without further delay, to arrange for the erection of suitable new hospital buildings, we were led to take the initiatory step last April by purchasing a building site well situated, comprising 30 full lots, bounded by 100th and 101st streets and Madison and Fifth avenues, at a cost of about \$387,000.00. This sum was obtained from the following sources:

From the Permanent Fund of the Hospital, . . .	\$135,000.00
From the General Treasury " " " . . .	51,448.02
From the Directors and friends of the Hospital, as a loan for two years without interest, . . .	200,000.00
	<hr/>
	\$386,448.02

It may not be amiss to state to those who may suppose that the site selected is more expensive than one located in a more eastern part of the city, that the Committee on Site found that available land as far east as First Avenue could not be purchased at as low a price as that which we have acquired for the new Hospital. There were few vacant blocks to be had which were suitable for our purpose, and it was deemed judicious to secure the plot purchased without further delay. Our Hospital should not be situated on the line or even near the elevated or surface cars. The noise from these would be disturbing and oftentimes injurious to the patients. It should, for many reasons, be located within a central radius, and the convenience of our patients and of the medical gentlemen connected with our Institution are also considerations of prime importance. All these requirements are met by the site purchased for the new Hospital.

The plan to issue 3% bonds to obtain the necessary funds for the erection of a new Hospital was entirely abandoned after careful consideration. Your Directors, realizing that the new Hospital will require a much larger sum for support, have deemed it unwise and injudicious to burden the management with a yearly tax of \$30,000 for fixed interest charges. At our meeting held last October it was resolved that efforts should be made to obtain the sum of \$900,000 by voluntary donations. This sum, together with the amount obtainable for the old hospital site (for which we have received a grant from the city) and the \$200,000 taken from the permanent fund, is deemed sufficient to pay for the ground and the proposed buildings, and will free our Institution from undue burdens for support—thus preventing future embarrassment.

Through the personal efforts of your Directors, donations of \$600,000 have been received in the short space of one month, and we are gratified to state that this unparalleled generosity of our Jewish community has assured the success of our undertaking. Aside from further endeavors on the part of your Directors, it is our intention to organize Trade Committees to obtain additional subscriptions, and we earnestly appeal to those who will be invited, to aid us with their services, so that the remaining \$300,000 required for the purpose may be subscribed within the next few months.

Hospitals affording accommodations for private "pay patients" are now almost as much a necessity for the well-to-do class as free wards are for those who are unable to pay. The better understanding of the need of hygienic and antiseptic surroundings for the patient, and the importance of well equipped operating rooms and ready attendance of physicians and nurses in surgical cases, induce even those who have every comfort at their homes to seek the benefit of hospital care. There are many cases which it is impossible to treat or operate upon to the best advantage except in a hospital. The recognition of this want and requirement in a community like ours has induced the preparation of plans for the erection of a detached building fronting on Fifth Avenue, which will be laid out with single rooms, suites with baths, and every other accommodation to insure the comfort of private patients. This is a service in which every individual is interested, not alone residents of the city, but visitors living in hotels or other temporary lodgings, who, when taken ill and obliged to enter a hospital, seek comfortable quarters as well as good medical attendance.

The Committee on Building has secured the services of Mr. William Schickel as consulting architect. A programme for the requirements of the buildings and terms of competition for plans have been formulated and printed and will be distributed among those who desire to compete. The award will finally be made by the Board of Directors,

aided by competent experts, after which the work will be pushed with all possible energy, so that the fruition of your and our cherished hopes may be speedily realized.

#### LEGISLATION.

An Act was passed by the Legislature of 1897, Chapter 719, which was accepted by the city and became a law with the approval of the Governor. This Act provides for a payment of forty cents per day for each needy and charity patient without means of support occupying a bed in Mount Sinai Hospital. Similar legislation in favor of other city hospitals was passed several years ago.

Under this provision we have received this year the sum of \$9,135.60, the first aid extended under this Act. Our per diem per capita cost was \$1.33 $\frac{1}{2}$  during the past year. This provision of 40 cents per day for patients without means of support is not intended to, and does not, cover more than a part of the actual cost for their board, nursing, and medical care. It is well known that our work practically relieves the city to the extent of the entire amount collected by us from private sources and expended for the care of those who would otherwise be a charge upon it. Private hospitals are required because municipalities cannot provide sufficient accommodations for the sick nor furnish the necessary field for the education of the medical profession. Aside from this, our Institution occupies a quasi-public position. Its doors are open for all classes and denominations, and our statistics clearly demonstrate the fact that more free charity work is done in our Institution than in any other private hospital in this city.

The Mount Sinai Hospital has been established for nearly fifty years. The value of its philanthropic work is thoroughly understood and well recognized by the authorities of our city.

Under the laws of 1898, Chapter 257, an Act was passed by the Legislature, accepted by the city, and became a law April 12th, 1898, with the approval of the Governor, which gave to the Mount Sinai Hospital the grant of its present

site, on which it still holds a lease for seventy-two years at the nominal rental of \$1 per annum. The Commissioners of the Sinking Fund passed resolutions June 9th, 1898, to carry out the provisions of this law, and the deed for the property has since been received and recorded.

Total,		\$7,322.22

The names of those who have so generously made provision for our Institution will be remembered with gratitude, perpetually enrolled and printed in the annual reports of our Hospital.

#### DONATIONS.

The donations received during the year, including those entered in the Golden Book of Life, amounted to \$7,318.99. These are tabulated on pages 47, 48 and 49 of this report.

#### PERPETUAL BEDS.

The following perpetual beds were dedicated during the year:

By Mr. and Mrs. George Blumenthal.

By Mrs. Louisa Myers, in memory of her son, Joseph Louis Myers.

By the executors of S. J. Spiegelberg, to his memory.

By Mrs. Bertha Jacobs, in memory of her husband, Elias Jacobs.

These thoughtful dedications manifest the blending of sentiment with practical charity in a manner to do effective and unceasing good.

#### FOUNDERS OF OUR INSTITUTION.

In the activity of our time we are prone to forget but too soon the names of those who founded our Hospital. Though they have passed away, they have left impress of their

existence for good in advancing and promoting the noble cause of our Institution. It was their humane promptings, in times beset with difficulties and trials, that planted the seeds which have borne such rich fruit—a heritage handed down by them to us which it is our duty to foster and perpetuate.

Our Institution was founded in the year 1852 by

Sampson Simson,  
Samuel M. Isaacs,  
John I. Hart,  
Benjamin Nathan,

John M. Davies,  
Henry Hendricks,  
Theodore J. Seixas,  
Isaac Phillips,

and

John D. Phillips.

In gratitude for their unselfish work, let us record their names from time to time, so that they may be transmitted to coming generations for emulation.

#### DEATHS.

The rejoicing of our hearts over the achievements of our Institution in saving life and ameliorating the condition of the unfortunate is clouded with the sad feeling that death has deprived us of many good friends who have departed from the scene of their activities to eternal rest. We record their names with sorrow, and refer with gratitude to the unfailing interest and generosity which they manifested toward our Institution. The deaths during the year were:

## LADIES' AUXILIARY SOCIETY.

The Ladies' Auxiliary Society, officered by Mrs. M. H. Moses, president; Mrs. J. A. Cook, first vice-president; Mrs. Louis Lavanburg, second vice-president; Mrs. Julius Beer, treasurer, and Mrs. J. R. Seligman, secretary, together with the ladies associated with them, have again, during the past year, bestowed upon our Institution the rich offerings of their generous hearts. They have supplied our patients with clothing and the Institution with linens and bedding. They have visited our patients and brought the sunshine of their presence into their hearts. We have every reason to feel proud of their noble achievements, but we cannot sufficiently express our great obligations for their efforts in the cause of humanity. We can only add the hope that they may receive the rich reward which their good deeds deserve.

## MOUNT SINAI HOSPITAL ALLIANCE.

It gives us great pleasure to acknowledge a donation of \$635 from the Alliance, indicating, as it does, the great interest in our cause on the part of the young ladies and gentlemen composing it. Though this society has not in-

creased much in recent years, we urge its members not to be discouraged, but to keep on with their good work. They will in time surely prove a most valuable adjunct to our Institution, and their efforts are heartily appreciated by the Directors and members of the Hospital.

#### HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

We received this year from the Hospital Saturday and Sunday Association the sum of \$5,272.40 as our proportion of the entire collections of last year. The 24th and 25th of December have been set down as the Hospital days for collections in churches, synagogues, and elsewhere, and we confidently believe, with the better financial conditions generally existing, that the collections will largely exceed those of last year.

There should be a more general interest taken in this work throughout the city, especially by the well-to-do working classes, who should make it a part of their duty to contribute something, no matter how small a sum, so that when overtaken by sickness they may apply with right for the benefits of hospital service. We ask our friends to make their contributions undesignated, so that they may be divided by the Committee on Distribution in accordance with the equitable methods adopted by the Associated Hospitals.

#### TRAINED NURSES.

The Mount Sinai Training School continues to supply our Hospital with efficient nurses. It is not generally known that this School is a distinct and separate institution, managed by its own Board of Directors and supported from its own treasury. The Hospital pays for the services of nurses supplied to it, but has the advantage of having them trained in its wards by the physicians connected with our service. Our patients are thus attended by a corps of intelligent, experienced, and capable women, thoroughly equipped for hospital work, able to carry out the directions of the medical staffs. In addition to its philanthropic features, the

School does much charitable work among the poor sick in our down-town districts.

The Training School is not self-supporting and should be more generally encouraged by our community.

When our volunteer soldiers returned from Santiago, last September, many came back sick with typhoid and malarial fever. Our Government being without sufficient hospital accommodations, we felt it was a public duty on our part to extend our aid. We sent a communication to Dr. Sternberg, surgeon-general of the United States Army, offering to receive and treat gratuitously as many soldiers as we could place in our Hospital. Forty-four soldiers were admitted to our wards, to whom were extended medical treatment and care. We are happy to have been able to restore forty-three of them to health, and regret that one died. While no record of the religion of our patients is kept in our Institution, it may not be improper to state that twenty-one of these were of our faith.

#### RESIGNATIONS.

Mr. S. L. Fatman, a Director of our Institution for fourteen years, resigned last November. During his connection with our Board he has at all times evidenced a deep interest in the work of the Hospital and a devotion to its cause which calls forth from his colleagues merited recognition of his valuable services.

We express and record the high regard in which he is held by his fellow-Directors.

Mr. Walter A. Schiffer, a Director of the Hospital, tendered his resignation last October, which was accepted with regret. While he may no longer be actively engaged in the management of our Institution, we are sure of his continued co-operation in all that concerns its welfare.

Dr. E. G. Janeway, for many years on the Attending Staff, resigned last January and was appointed on the Consulting Staff by our Board. We thank him for services rendered our Institution in the past.

## NEW DIRECTORS.

Mr. Isaac N. Heidelberg was elected to fill the vacancy caused by the resignation of Mr. Fatman.

## SUPERINTENDENT.

Mr. S. L. Fatman, for many years an active member of our Board, was elected Superintendent, and took charge of the office on the first day of December last. We feel confident that the established methods and principles by which our Institution has been guided to meet the approbation of our constituents will be continued in the future, and that the interests of the Hospital are placed in reliable and competent hands.

Mr. Gustav Abrams, our Assistant Superintendent, was placed in charge of the Hospital last August, from the time of the death of Mr. Leopold Minzesheimer, the Superintendent, up to the first of December. He has performed the duties of the office to the satisfaction of our Board.

## THE MATRON.

Mrs. Leopold Minzesheimer, our Matron, has managed the household affairs of our Hospital with great care and economy. She is deeply interested in the comfort of our patients, and ministers to their wants with great solicitude. Including patients, medical attendants, and employees of our Institution, the household numbers nearly three hundred and fifty persons, and it can be readily understood that to satisfactorily provide for such a number, as she has done, requires executive ability and application of no ordinary character.

## MEDICAL APPOINTMENTS.

Drs Morris Manges and Nathan E. Brill, who were Adjunct Attending Physicians for five years, were appointed members of the Attending Staff last February to fill the vacancies caused by the resignation of Drs. H. N. Heineman and E. G. Janeway. Drs. D. H. Davison and Henry Berg were appointed Adjunct Attending Physicians last May, in place of Drs. Manges and Brill.

## CONSULTING AND ATTENDING STAFFS.

Our Consulting Staff consists of Drs. Jacobi, Janeway, Markoe, and Stimson. Drs. Lustgarten and Sachs are Special Consultants for dermatological and neurological diseases. Our Attending Staff is composed of Drs. Gerster, Fluhrer, Mundé, Gruening, Rudisch, Alfred Mayer, Manges, and Brill.

We can add little to our past encomiums for the great service rendered our Institution by these gentlemen. They have devoted much time and brought the benefit of their experience and abilities for the welfare of our patients. We take this opportunity of expressing our grateful appreciation.

## ADJUNCT ATTENDING STAFF.

This service is in charge of Drs. Lilienthal and Van Arsdale in the Surgical Department, Drs. Davison and Berg in the Medical Department, Dr. Brettauer in the Gynæcological, Drs. May and Koller in the Ophthalmic and Aural, and Dr. Koplik in the Children's Service.

Their duties in the absence of the regular Attending Physicians have been well performed—meriting our thankful recognition.

## DISPENSARY STAFF.

Our Dispensary is in charge of 26 heads of departments and 46 assistants. This service provides medical care for thousands of worthy people—it is a large and important adjunct of the Hospital. It separates the mild from the serious cases, retains the former for treatment, and transfers those that require beds to the Hospital. The management of such a service requires application of time, medical ability, and conscientiousness—qualities for which the entire Staff has distinguished itself in the past, entitling each and every member thereof to this acknowledgment.

## DISTRICT SERVICE.

The District Service is cared for by Drs. R. Abrahams, M. Katzenberg, Charles Goodman, and Max Rosenberg. Hos-

pital cases which could not be received at the time of their application, because there were no beds vacant, were referred to this Staff for temporary medical attendance at the home of the patient. Much good was thus done. Our statistics show that the greater part convalesced at home, without requiring hospital care. We thank the gentlemen in charge of this service for faithful attention.

#### HOUSE STAFF.

The House Staff consists of Dr. Louis Hauswirth, House Physician; Dr. Walter M. Brickner, House Surgeon; Dr. William G. Eckstein, Senior Physician; Dr. Sidney Ulfelder, Senior Surgeon; Dr. Andrew G. Foord, Junior Physician; Dr. Lewis W. Allen, Junior Surgeon; Dr. Leo B. Meyer, First Medical Externe; Dr. Louis A. S. Bodine, First Surgical Externe; Dr. Israel Strauss, Second Medical Externe; Dr. Eugene H. Eising, Second Surgical Externe; Dr. Max Thorner, First Medical Provisional; Dr. E. A. Rosenberg, First Surgical Provisional; Dr. Herman Schwarz, Second Medical Provisional; Dr. Emanuel D. Lederman, Second Surgical Provisional, all of whom have filled their positions conscientiously.

Dr. Rodman, House Surgeon, retired on the 1st of July last, at the expiration of his service. Dr. Hauswirth, House Physician, and Dr. Brickner, House Surgeon, will retire on the 1st of January, after their full term of two years. In accordance with our regulations they will receive the customary diploma, testifying to their satisfactory service.

They will be succeeded by Dr. Ulfelder on the Surgical, and Dr. Eckstein on the Medical Divisions of the Hospital.

#### ADMITTING PHYSICIAN.

Dr. D. H. Davison, our Admitting Physician for a period of sixteen years, was appointed Adjunct Attending Physician last May, in consequence of which he tendered his resignation, to take effect when his successor is appointed.

In retiring from this department he takes with him the deserved expression of our esteem and appreciation of his

fidelity and faithfulness to the important trust so long held by him. Dr. Max Rosenberg was appointed in his place.

#### PATHOLOGICAL DEPARTMENT.

This department, in charge of Dr. F. S. Mandlebaum, with Dr. E. Libman as assistant, has afforded great scientific advantages for the benefit of our patients. We are happy to state that the members of the attending staff speak in the highest terms of the facilities extended to them by the Pathological Department. The space devoted for this service is entirely inadequate for its needs. It is our intention to make ample provision for this department in our new Hospital.

#### PHARMACY.

This department is satisfactorily managed by Mr. J. Skudin, Apothecary, with two assistants. We are gratified to have been enabled to serve the United Hebrew Charities, Emanu-El Sisterhood, and other deserving societies in our pharmacy.

#### SISTER SOCIETIES.

The relations existing between our eleemosynary societies are those of most friendly accord. We all recognize the great importance of each and every one of our institutions. We are justly proud of the good work of our Orphan Asylum, United Hebrew Charities, Montefiore Home, Home for Aged and Infirm Hebrews, Educational Alliance, Hebrew Technical School, and kindred societies, each filling a want and a need in our community, all being managed with zeal and devotion for the cause of philanthropy and education.

There exists no contention between them, only that emulation on the part of the management of each to uphold the interests of the particular institution with which it is connected, yet with deep concern and active co-operation for the welfare of all. To the institutions named, with which we have had contact and relations during the past year, we extend the thanks of our Board for their readiness to serve our Hospital, which we shall continue at all times gladly to reciprocate.

## ACKNOWLEDGMENTS.

Messrs. Hoadly, Lauterbach & Johnson have rendered us inestimable services whenever and wherever the welfare of our Institution could be promoted and advanced. We are indebted to them in many ways for many things. They have given us their time, valuable advice and counsel gratuitously; they have prepared, free of charge, many important legal papers required by the Hospital during the year, and, in addition thereto, have borne all incidental outlays and expenses. We make this public expression to indicate the high esteem in which they are held by us and the gratitude which we feel for their generous assistance.

Mr. M. Warley Platzek has at all times proven himself a staunch friend of our Institution in aiding us in many directions and in placing his time and valuable services at our disposal whenever required. We thank him heartily for his good efforts in behalf of our Hospital.

We are greatly indebted to the Hon. John W. Keller, President of the Department of Public Charities, and to Mr. George Blair, Superintendent of the Outdoor Poor Department, for courtesies extended to our Institution.

Our patients are the recipients of constant acts of kindness from the public. They have been visited by our ministers, the editors of many of our journals have sent them copies of their publications, and a large number of our friends have made donations in kind for their comfort. To all who have thus in some manner generously provided for their comfort, we offer thanks for their thoughtfulness and sympathetic interest.

Man is not always responsible for his condition in life. Birth, education, surroundings, and opportunities have much to do with his physical being and welfare. The weak and helpless would be strong, and those in want and suffering would be affluent and happy, if they could be so. This truth brings us to the realization of our obligations toward others in making provision for the helpless—the young, the old, the infirm, the sick, and the many unfortunate beings who appeal so strongly to our sympathies. This principle,

so well recognized in our modern days, has given the impetus to found and maintain institutions like ours—institutions dispensing incalculable blessings to those who cannot help themselves.

In the dim twilight of our existence, as our years advance, our reveries bring to mind pleasant and unpleasant episodes of the past. The recollection of our unselfish acts for the good of others—those by which we were instrumental in stilling pain, relieving suffering, and drying the tears of some poor wanderer in his pilgrimage through life—will then produce a feeling of happiness and satisfaction in our hearts. To have been useful in making the world better and man happier brings us the affections of our fellow-beings, and does much toward filling our daily life with sunshine and contentedness. In the performance of this humane duty our Institution stands forth as a beacon light to guide the weary, tempest-tossed mariner upon the great ocean of life through the rocks and shoals of adversity into a haven of safety and peace. Mount Sinai Hospital heralds forth the message of love and good-will to all mankind in keeping with divine behests, and in consonance with teachings which form the base and structure of a universal brotherhood.

Respectfully submitted.

# MINUTES

OF THE

**Annual Meeting of the Patrons and Members**

OF

**THE MOUNT SINAI HOSPITAL,**

**Held on January 28th, 1900.**

The President, MR. ISAAC WALLACH, in the chair, and a quorum present.

On motion, it was decided to dispense with the reading of the minutes of the last annual meeting.

The Report of the President and Board of Directors was read by the President, the Treasurer's report was read by the Secretary, and both were ordered to be printed and sent out to the members of the Hospital.

Mr. Marcus M. Marks, in moving a vote of thanks to the Officers and Directors of the Hospital, made favorable comments upon their earnest, energetic work. Mr. Jacob H. Schiff, in seconding the motion, spoke of the proposed new Hospital buildings; feeling confident that the needed funds would be forthcoming, he urged the Directors of the Hospital to take prompt steps for their erection. Mr. Schiff put the motion to the assembly, which was adopted by a rising vote.

The President responded on behalf of the Directors, and

expressed their hearty appreciation of the encouragement extended to them by the members of the Hospital.

There being no further business, the meeting adjourned.

LOUIS M. JOSEPHTHAL,

*Secretary.*

## Report of the President and Board of Directors.

---

NEW YORK, December 1st, 1899.

*To the Members of the Mount Sinai Hospital of the City of New York:*

As, in the broad expanse of the firmament, the sun's rays peer through the dark clouds, even so do light and happiness glimmer through the sadness of hospital life. The pallid cheek restored to bloom, the wasted form invigorated, and the wearied invalid regaining health, are bright phases and a happy realization for all who were instrumental in their restoration.

There is much for thought and reflection in the statistics of hospital work. They form a volume on every page of which appear the varied episodes of human life, its hopes, cares, suffering, and struggles, together with many noble examples of man's goodness to the poor unfortunate. Sixty-five thousand patients have been sheltered and cared for in our Hospital since its foundation. Who can estimate the value of this far-reaching blessing, and the importance of a work which has restored so many to health and a life of usefulness?

Science and benevolence are enlisted in this laudable cause, and the best endeavors of both are put forth to battle for those who, afflicted with poverty, are unable to protect themselves when attacked by disease. To you, furnishing the means, and to our Medical Staff, devoting time and effort for this praiseworthy work, the thanks of the community, as well as of those charged with the management of our Institution, are eminently due.

We render our annual account for the year ending

November 30th, 1899, with the earnest hope that all who are in any manner connected with our Institution will find satisfaction from what has been achieved, and will be stimulated thereby to still higher and greater endeavor for the amelioration of human suffering.

## COMMENTS.

Our statistics show that the total number of applicants for admission into the Hospital was 6,095, an increase of 578 over last year. Of these, 3,065 were admitted, as against 3,082 in 1898. These figures clearly indicate the oft-repeated statement that our present Hospital has reached the limit of its usefulness, and that its facilities are insufficient to meet the constantly increasing demands for its benefits.

Our inability to provide for the large number applying for admission is calculated to produce discontent and dissatisfaction among our constituents, particularly so when members interested in applicants for whom no provision can be made do not take existing conditions as to the adequate accommodations of the Hospital into reasonable consideration, and it occasionally happens that some of

these members withdraw their support when the Executive Committee or the Examining Physician are necessarily compelled, for want of room, to refuse admission. The Directors of the Hospital are thus placed in a most unpleasant position, and their duties become doubly onerous. They are ever ready to extend the benefits of our Institution, as far as possible, to all who apply. Harassed, however, as they are, by the limitations of room, the results outlined are such as they can only regret, but over which they have no control.

It will be observed that 973 cases were referred to the Mount Sinai Hospital Dispensary, as against 423 last year, thereby affording all possible relief in this adjunct of our Institution to such applicants who, for want of accommodations, could not be admitted into the Hospital.

In all, 36,734 patients were treated last year in the Hospital, Dispensary, and District Service. This summary illustrates most forcibly the magnitude and beneficence of the great charity sustained by you. The non-sectarian character of its work redounds to your credit, and affords a broad example of the liberality controlling the management of the Hospital from its earliest beginning to the present time.

#### FINANCES.

The following extracts have been made from the reports of the Treasurer and Finance Committee.

#### NEW HOSPITAL BUILDINGS.

In our report for 1898 we referred to the unanimous sentiment expressed in our annual meeting held in January of that year, which prompted your Board to take active steps for the erection of the new Hospital. In substantial furtherance of these views we were induced to purchase and secure at a most advantageous price a plot of desirably located ground for building purposes.

The Committee on Building subsequently engaged the services of Mr. William Schickel as consulting architect, and a programme of the requirements for the building, with terms of competition, was formulated and prominent well-known architects were invited to submit plans, of which twenty-one, each signed by a *nom-de-plume*, were received, and, in accordance with the terms agreed upon, four were selected and submitted by Mr. William Schickel and Prof. William R Ware, of Columbia College, to the Board of

Directors, in the order of their merit. The plan "Light and Air," marked first on this list, proved to be the work of Mr. Arnold W. Brunner, who was then appointed the architect for the new Hospital buildings

The main object of this great undertaking is to provide additional accommodations for at least one hundred patients to meet the growing demand for the benefits of our Institution. In fact, there would be no justification for the expenditure of the large sum required for the new Hospital buildings unless such a result could be attained. Many of the plans submitted by the competing architects evidenced the fact that the thirty lots purchased would be entirely inadequate for this purpose, and that, in consequence of insufficient area, the buildings would be cramped, congested, and unsatisfactory when completed.

It must be borne in mind in this connection that the plant requires an administration building connected by corridors with hospital wings, one for medical cases and one for surgical cases, on each side—practically three buildings: a dispensary, training-school building, morgue, isolation building, kitchen and laundry building, with servants' quarters overhead, and the private hospital on Fifth Avenue—in all, nine distinct detached buildings.

This consideration necessitated our acquiring the four lots on the southwest corner of 101st Street and Madison Avenue, which were purchased last summer for \$140,000, \$60,000 of which was paid in cash, the balance of \$80,000 remaining at 5 per cent interest on a mortgage maturing in March, 1901, before which date it cannot be paid.

The purchase was a desirable one. There are four apartment-houses on the property, which are rented at a sum sufficient to pay all fixed charges and yield a moderate income until required for use by the Hospital. Subsequently plans drawn on the lines of the original, modified to cover the entire block, were submitted by Mr. Arnold W. Brunner, which now afford ample and more liberal provision for increased accommodation of patients and the various services required.

With plot secured and plan achieved, we find ourselves now confronted with unexpected and embarrassing difficulties, due to the marked advance which has recently set in in the cost of building materials and labor. It is not the intention of your Board to introduce extravagant or expensive ideas in the construction of the new Hospital, yet the buildings must be provided with such equipments and accessories as sanitary and modern hospital construction demand. Foremost among these requirements are correct dimensions to allow a given number of cubic feet of air for each patient, so that light, ventilation, and proper hygiene are insured and sufficient space provided for the service required for hospital work. This fixed principle for hospital construction cannot be disregarded without unsatisfactory results. Our resources for the entire project are as follows:

Total subscriptions for the Building Fund to date, . . . . .	\$776,406.00
Cash taken from the Permanent Fund for the purchase of the new Hospital site, . . . .	186,448.02
From the General Treasury of the Hospital, applicable to the Permanent Fund, . . . .	55,000.00
Available from remainder of Permanent Fund, . . . .	100,000.00
Estimated realization from present Hospital ground and buildings, . . . . .	250,000.00
Total, . . . . .	<hr/> \$1,367,854.02

from which deducting \$532,000 paid for the site, leaves a balance of \$835,000 available for building purposes, which is entirely insufficient. Specifications are now being prepared upon which bids will be invited, yet accurate expert estimates in our possession clearly show that an additional sum of \$500,000 must be obtained to cover the cost of the buildings to be erected.

While many in our community have generously responded to our appeal for aid in behalf of this necessary and meritorious undertaking, it is, nevertheless, true that others able to do so have not evidenced a willingness to

contribute for this laudable cause. The work of obtaining subscriptions has been performed by our Directors by personal application—a slow and laborious method, but more efficacious than solicitation by circulars. There are many who have not been called upon, and it is our earnest hope that when solicited they will help us, so that our project may not be delayed.

Mount Sinai Hospital is your institution, of which all justly feel proud for its recognized position as one of the most advanced and meritorious institutions of its kind in our community. Surely you will not allow its glory to be dimmed nor its usefulness impaired in the slightest degree, but will extend the needed assistance to maintain its high standard and the well-deserved reputation of our people that they provide for those who have claims upon their bounty.

#### SEMI-CENTENNIAL.

In February, 1902, our Institution will have existed for fifty years. No more befitting or appropriate celebration could be made on that day than the dedication of our new Hospital buildings to mark the progress in its career and to indicate the well-known liberality of our constituents. It would evidence in unmistakable language the fact that each succeeding generation has truly recognized and well performed the sacred obligations transmitted to it for the care of the sick and the needy. A retrospective glance brings to our minds the small beginning of our Institution in 1852 in 28th Street, with a capacity of twenty beds, and shows how it has gradually increased to its present proportions under the ministration and fostering care of those who have directed and sustained it. Many of these have gone to their long home and have left to us the heritage of their good deeds. When those who are in temporary charge of this great trust have passed away and their work is reviewed by coming generations, may they, too, be found to have faithfully performed the duties of the time and hour toward their fellow-men.

## MEMBERSHIP.

Our record shows an enrollment at the present time of

Donors,	. . . . .	169
Patrons,	. . . . .	769
Members,	. . . . .	2,949
Juniors,	. . . . .	17

In all, . . . . . 3,904

The following additions were made to our list during the current year:

Donors, . . . . .	13
Patrons, . . . . .	18
Members, . . . . .	117

10 Members were changed to Patrons.

Due to deaths, resignations, and other causes, our membership roll, compared with last year, shows considerable decrease, as is indicated by the reduced income of \$2,172.50 from this source.

## LEGACIES AND BEQUESTS.

During the past year we have received the following legacies and bequests:

Eugene Kelly, . . . . .	\$500.00
Henriette Oppenheim, . . . . .	100.00
David Marks, . . . . .	250.00
David Blumenthal, . . . . .	200.00
Abraham Schlesinger, . . . . .	100.00
Babette Guggenheim, . . . . .	200.00
Bernhard Stirn, . . . . .	300.00

---

Total, . . . . . \$1,650.00

The names of these donors will be perpetually enrolled in our annual reports and will be remembered with profound gratitude.

## DONATIONS.

The entire donations, including \$130.00 entered in the Golden Book of Life, amounted to \$3,393.87; these are recorded in detail on pages 48, 49, and 50 of this report.

## PERPETUAL BEDS.

The following perpetual beds were dedicated during the year:

In memory of Leopold Boscowitz, by his brothers and sisters.

In memory of Martin H. Lehmaier, by provision in his will.

Fitting dedications, more lasting than monuments of stone or brass, these memorials evidence practical thought for the living, as well as the desire to perpetuate the names of those who have departed from this life.

An endowment of a perpetual bed was made by Mr. Max Nathan on his seventieth birthday, in the name of his wife, Rosalie Nathan; and also by P. W., on which \$1,000 was received on account, the remainder to be paid when the dedication is established in the new Hospital.

A "Life Bed" was founded by Mrs. Marx Hornthal, in memory of her husband.

We appreciate these expressions of good will in selecting our Institution for the creation of dedications, which produce an income for the care of those unable to contribute toward their own support.

## DEATHS.

Though realizing the mutability of human life, we were nevertheless unprepared for the taking away from our ranks of so many who were a strength and aid to our cause. Let us reverently pay them their deserved tribute and inscribe upon our annals the names of our members who departed this life during the past year.

Myer Stern.

May their memory be blest!

Special mention should be made of the great loss sustained by all our institutions in the death of Myer Stern. He was identified for many years with the Hebrew Benevolent and Orphan Society, as an honored member of its Board. His broad nature and generous inclinations prompted him to promote and advance all other communal work to the end of his days. To his memory we bring a wreath of blossoms from the affections of the afflicted, whom he at all times befriended, and whose cause he ever espoused.

Dr. William W. Van Arsdale, one of our Adjunct Attending Surgeons, died on the 17th of March. He occupied the

position of adjunct from 1894, when this service was first introduced. Conscientious and faithful in the discharge of his duties, he constantly devoted his scientific knowledge and medical skill to the cause represented by our Institution. In accordance with a resolution of our Board, a floral tribute from the Directors was sent to the funeral and a suitable letter of condolence tendered to his family.

#### HOSPITAL CEMETERY.

We owe duties to the dead as well as to the living, and society has at all periods recognized its solemn obligations to provide for proper interments. It is not generally known that our Institution provides free burial in the Mount Sinai grounds in Cypress Hills Cemetery, for patients who die in our Institution and are not claimed by relatives or friends. A large plot of land was given to the Hospital in 1879 for this purpose, the maintenance of which entails considerable expense upon our Institution.

It became necessary this year to grade the ground, and, in accordance with a resolution of our Board, headstones were placed on all graves, to insure uniformity and make this resting-place of the dead in keeping with the respect due to the departed. Were it not that the Hospital assumes this self-imposed duty, many of those who have died in our Institution would necessarily have been interred in public ground for paupers.

#### LADIES' AUXILIARY SOCIETY.

This valuable adjunct of our Institution, as heretofore, is in charge of Mrs. M. H. Moses, President; Mrs. J. A. Cook, First Vice-President; Mrs. Louis Lavanburg, Second Vice-President; Mrs. Julius Beer, Treasurer; and Mrs. J. R. Seligman, Secretary. To these ladies, together with those associated with them, we tender our well-deserved tribute for their many acts of benevolence in behalf of our patients. The consciousness of their devotion is to them a greater reward than aught we might say. Besides provid-

ing linen, bedding, and clothing, they have taken personal interest in the comfort and welfare of our patients, and their presence in our wards has brought cheer and happiness to many a weary heart. Their good deeds are recorded in ineffaceable letters; a bright example of woman's tender solicitude and noble effort to alleviate human suffering.

#### HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

We received \$5,530.39 from this Association, from the undesignated fund, as our apportionment upon the basis of division as to the days of gratuitous support and number of free patients treated. The publication of the statistics by the Association justifies our stating that the Mount Sinai Hospital, as heretofore, holds an honored position in the foremost ranks of hospitals which have done the largest amount of free work.

The 24th, 25th, 30th, and 31st of December have been set apart this year as Hospital Days for general collections in churches, synagogues, and elsewhere. The entire undesignated collections last year amounted to \$62,566.73, and it is expected, with the general improvement of business, that these will be largely increased this year.

We urge our friends to make undesignated contributions to this fund, so that the Committee on Distribution may apportion same in accordance with the equitable rules of the Association.

The Hospital Association is becoming more widely known and its work more thoroughly appreciated from year to year. Aside from the importance of its collections to supplement the much-needed support of our charitable institutions, the Association has great value in promoting cordial relations and co-operation between the trustees of the various hospitals of the city.

#### TRAINED NURSES.

The patients of our Hospital are attended by nurses from the Mount Sinai Training School, and the service during the past year, as heretofore, has proven entirely satisfac-

tory. The Training School for Nurses has practical, as well as philanthropical, aims, and should receive the general support of our public. These schools afford opportunities for many worthy women in our community to earn a livelihood. By the thorough preparation and training which they receive, an intelligent and well-equipped staff is provided for the care of the sick, not alone in our hospitals, but also in our homes.

We commend this institution to our friends for more general support than has heretofore been accorded to it.

#### MEDICAL APPOINTMENTS.

Dr. Howard Lilienthal, our former Adjunct, was promoted to the position of Attending Surgeon.

Under the new system introduced in the Surgical Department, Drs. George E. Brewer, Joseph Wiener, A.V. Moschowitz, and Albert A. Berg were appointed Adjunct Surgeons last May.

#### CONSULTING AND ATTENDING STAFF.

Drs. A. Jacobi and E. G. Janeway, Consulting Physicians; Drs. Thomas M. Markoe and Daniel M. Stimson, Consulting Surgeons; Dr. S. Lustgarten, Consulting Dermatologist; and Dr. B. Sachs, Consulting Neurologist, respond whenever called upon for consultation and bring their skill and services for the benefit of our patients. Their high rank in the profession makes their connection an honor and a strength to our Institution. The active service is in charge of our Attending Staff, composed of Drs. A. G. Gerster, Howard Lilienthal, and William M. Fluhrer, on the Surgical Division; Drs. Julius Rudisch, Alfred Meyer, Morris Manges, and N. E. Brill, on the Medical Division; Dr. B. Scharlau, in charge of the service for children; Dr. Paul F. Mundé, in the Gynæcological Department; and Dr. Emil Gruening, in the Ophthalmic and Aural Service. The increased work in our Institution and the many serious cases brought to it have called for the sacrifice of much of their valuable time, as well as the application of their high medi-

cal attainments for the care of our patients, which have been extended unstintedly and conscientiously. Their devotion to the cause in which they are enlisted merits your thanks as well as ours.

A medical report was published for the first time this year, and contained detailed scientific statistics of the work done in the several departments of our Hospital, together with articles contributed by the members of our Attending Staff on important cases and the methods adopted for their treatment. This work records in an accessible manner the results gained from the vast medical experience which our Institution affords. It has proven of great value to the medical profession here and abroad, and its dissemination is well calculated to be of advantage to the general public.

The statistics show that 2,028 operations were performed in 1899, considerably more than in any previous year. Among these there were 295 laparotomies—six times as many as in 1893. This illustrates the increased work in all the departments of the Hospital, the growth of our Institution, and the necessity for enlarged facilities for its service as well as for the accommodation of patients.

#### ADJUNCT ATTENDING STAFF.

The Adjuncts in the Surgical Division, Drs. Brewer, Wiener, Moschcowitz, and Berg, are in regular attendance; those in the Medical and Special Departments, Drs. D. H. Davison, Henry W. Berg, Henry Koplik, Charles H. May, Carl Koller, and Joseph Brettauer, take charge of the service during the summer months and at other times during the absence of their respective Attending.

It gives us pleasure to state that this system, inaugurated in 1894, has proven itself a correct and desirable feature, supplementing, as it does, each department with physicians of high standing, familiar with the methods of our Institution and ready to do the work whenever required. We appreciate the good service rendered by the Adjuncts of our Hospital.

## DISPENSARY STAFF.

This large and important service is subdivided into many departments, each provided with a chief and a staff of assistants.

It is only in our annual report that we have the opportunity to publicly express our appreciation for their faithful attendance and constant care of the many poor people who come to our Dispensary for medical aid. We record their names below, with the departments in their charge.

## DISTRICT SERVICE.

The purpose of this branch of our service at the homes of applicants for admission for whom no provision can be made in the Hospital, is well understood, and requires no comment from us other than to acknowledge the satisfactory performance of the duties devolving upon Drs. Robert Abrahams, Mayer Katzenberg, Charles Goodman, F. L. Wachenheim, Heinrich Vogel, and Harry Rodman, who have had charge of our district service last year.

## HOUSE STAFF.

Our House Staff is composed of five members in line of promotion in each division, and two provisionals for the

Surgical and two for the Medical Departments, who serve for one year.

The members of this staff are: Dr. Andrew G. Foord, House Physician; Dr. Lewis W. Allen, House Surgeon; Dr. L. A. S. Bodine, Senior House Physician; Dr. L. B. Meyer, Senior House Surgeon; Dr. Israel Strauss, Junior House Physician; Dr. Eugene H. Eising, Junior House Surgeon; Dr. Moses Thorner, First Medical Externe; Dr. I. W. Becker, First Surgical Externe; Dr. Herman B. Schwarz, Second Medical Externe; Dr. Edwin Beer, Second Surgical Externe; Drs. Edward J. Miller and M. M. Stark, Medical Provisionals; Drs. Charles E. Rosenwasser and J. Howard Staub, Surgical Provisionals.

They have been faithful and have manifested due regard for the interests of our Institution. Drs. Sidney Ulfelder, House Surgeon, and William G. Eckstein, House Physician, having served their full term to the satisfaction of the Medical and Lay Boards of the Hospital, received their diplomas and the usual souvenir on their retirement last July.

#### EXAMINING PHYSICIAN.

Dr. Max Rosenberg has discharged the duties and responsibilities of this important position with tact, precision, and ability.

#### PATHOLOGICAL DEPARTMENT.

Dr. F. S. Mandlebaum, Pathologist, and Dr. E. Libman, his assistant, have rendered most efficient service and are well entitled to the commendations expressed by the Attending Staff for their scientific examinations.

#### SUPERINTENDENT.

Mr. S. L. Fatman has managed his department in a painstaking, conscientious manner. Our patients have received his considerate attention and care. He is well seconded by Mr. Gustave Abrams, our Assistant Superintendent.

## THE MATRON.

Mrs. Leopold Minzesheimer fills her position with scrupulous fidelity. Guided by her long experience and readiness to serve the best interests of our Institution, she is most efficient in the supervision of her important department. The kindliness of heart which she constantly extends toward our patients is of great benefit to them and to our Institution.

## PHARMACY.

Independent of the large number required for the Hospital, our Pharmacy has compounded over 86,000 prescriptions for our Dispensary, Outdoor Department, and sister institutions. This service calls for skill and thoroughness as well as conscientious application. We are gratified to testify to the fact that Mr. J. Skudin, our apothecary, brings these requisites to the important service which has been placed in his hands.

## SISTER INSTITUTIONS.

As in the past, so in the present, we have promoted and maintained friendly relations with all our sister institutions. We were enabled to serve many of them in caring for those who were properly referred to our Hospital, and have likewise received most cordial consideration for such cases as came within the scope of their work.

These reciprocal relations are calculated to produce a more perfect system for the care of the unfortunate and have, in a large measure, contributed to the deserved recognition generally accorded to the constellation of our Jewish charities, every one of which has a well-merited place in the affections of our people.

The Orphan Asylum, Montefiore Home, United Hebrew Charities, the Home for Aged and Infirm, Educational Alliance, Hebrew Technical Institute, our Sisterhoods, and others, all have their special mission and duties, which are performed by each with such fidelity and sacrifice of time as to elicit our deep respect and warm admiration.

May each link in this golden chain become more firmly welded and grow stronger with time, so that within its beneficent circle relief may be afforded to all those for whom the tender feelings of our hearts go forth in sympathy and commiseration.

#### ACKNOWLEDGMENTS.

Messrs. Hoadly, Lauterbach & Johnson, our old and staunch friends, have again placed us under obligations deeply appreciated, for which we feel unable to render ample acknowledgment. We cannot particularize without being prolix. The gratuitous services of the firm, their office and its entire staff, have been constantly placed at our disposal, and wherever work was to be done for Mount Sinai Hospital they have served our interests ably, promptly, and efficiently. The resulting benefits to our Institution have been of such magnitude that we can best express ourselves by saying that their aid and services entitle them to rank as one of the largest and most beneficent contributors to our Institution.

Mr. M. Warley Platzek has endeared himself to us by his many acts of kindness and his readiness to promote our cause whenever possible. We thank him heartily, most sincerely, for his generous aid and for his warm interest in all that concerns the welfare of our Hospital.

We acknowledge the many courtesies extended to us by the Hon. John W. Keller, President of the Department of Public Charities, and by Mr. George Blair, Superintendent of the Outdoor Poor Department.

To our ministers, the editors who supply our inmates with copies of their journals, and the many benevolent men and women in our community who exemplify their thoughts by kind deeds for our patients—to one and all we say, God bless you, and may many years of happy well-doing be vouchsafed to you!

## MEDITATIONS.

As our eyes are directed to the surroundings in our Board room, there is involuntarily conveyed to our minds the history of the past, and we behold the faces of many who were foremost in the development of our Institution.

A small frame upon the wall contains a resolution dated June 13th, 1852, in recognition of the services of B. Benrimo, Adolphus S. Solomons, L. Bierhoff, S. A. Lewis, Max Bachman, N. Content, L. H. Simpson, Rowland Davis, George Henriques, George King, and Henry Honig. It reads thus: "In consideration of their laudable efforts to advance the interests of the 'Jews' Hospital in New York,' in conducting a ball in February, 1852, the proceeds of which were paid into the treasury, thereby forming the commencement of its fund."

Again, similar mementoes of three charity balls held in 1880, 1889, and 1897, under the auspices of the Purim Association, bear testimony to the public-spiritedness of this Association, and show that the sum of \$48,960.28 was contributed therefrom to our treasury.

There the portrait of John I. Hart, Vice-President of our Hospital in 1852 and its President in 1855; of the Rev. Dr. S. M. Isaacs, Vice-President in 1856; of Benjamin Nathan, President from 1856 to 1870; of Emanuel B. Hart, Adolph Hallgarten, and Harris Aronson, former Presidents, all of whom guided our Institution with ability and conscientiousness. Another of Solomon Sommerich, a Director from 1867 to 1889—the genial man whose goodness of heart went out to all who came to our Institution for relief. Again, one of Dr. A. Jacobi, the President of our Medical Board. Though identified with our Hospital for nearly forty years, his energies for, and his interest in, its work have neither relaxed nor diminished.

These are the causes and forces which have been so largely instrumental in the upbuilding of our great charity. May such benefactors ever be found to guide and maintain our humane cause!

The trend of our modern civilization is for that which is ennobling. Science shows us our common origin, and philosophy teaches us the interdependence and brotherhood of man. The realization of our imperfection and the knowledge of our weakness have largely produced the readiness of those blessed with health and worldly possessions to aid others less fortunate than themselves. Thus we see a large part of our community organized into an imposing army enlisted under the banner of humanity, to relieve distress and suffering in every form. Here we behold a corps protecting the helpless orphans from the dangers which beset them; there, another marshalled to fight against the attacks of sickness and disease, oft wresting the victim from the fell destroyer; another band leagued together to ward off the inroads of chronic disease and give hope to those where hope had well-nigh fled; again, a group shielding the old and infirm, giving them comfort and happiness in their declining years.

All these forces are well supported and strengthened by the many noble women in our community who, animated by their generous impulses, extend the influence of their gentle natures in behalf of the great cause of charity. Thus every avenue is watched, every approach is guarded, by trusty sentinels enlisted for the alleviation of the distressed who appeal so strongly to the best sympathies of the human heart. Surely, "Peace hath her victories no less renowned than war."

Mount Sinai Hospital, foremost in the van, has done heroic service for the cause it represents; it has upheld its banner for half a century without blemish or taint upon its escutcheon, responding with heart and hand to its humane calling for the relief of suffering mankind.

This godly cause for the saving of life and the promotion of human happiness is the essence of all religious and ethical teaching; synonymous with civilization, it calls for the observance of the noblest virtues of man, and proclaims to

all the divine command: "Thou shalt love thy neighbor as thyself."
